Each of the listed exceptions is mutually exclusive and independent of every other.

A Board member or employee, his or her spouse or an immediate family member living with the Board member or employee, does not violate this policy if the recipient promptly takes reasonable action to return a gift from a prohibited source to its source or gives the gift or an amount equal to its value to an appropriate charity that is exempt from income taxation under 26 U.S.C. §501(c)(3).

meal charges incurred. Alcoholic beverages will not be reimbursed.

4. Lodging. Board members should request conference rate or mid-fare room accommodations. A single room rate will be reimbursed. Board members should pay personal expenses at checkout. If that is impossible, deductions for the charges should be made on the expense form.

2:130 Board-Superintendent Relationship

The Board of Education employs and evaluates the Superintendent and holds him or her responsible for the operation of the District in accordance with Board policies and State and federal law.

The Board-Superintendent relationship is based on mutual respect for their complementary roles. The relationship requires clear communication of expectations regarding the duties and responsibilities of both the Board and Superintendent.

The Board considers the recommendations of the Superintendent as the District's Chief Executive Officer. The Board adopts policies necessary to provide general direction for the District and to encourage achievement of District goals. The Superintendent develops plans, programs, and procedures needed to implement the policies and directs the District's operations.

2:140 Communications To and From the Board

The Board of Education welcomes communications from staff members, parents/guardians, students, and community members. Individuals may submit questions or communications for the School Board’s consideration to the Superintendent or may use the electronic link to the Board’s email address(es) posted on the District’s website.

The Superintendent or designee shall:

1. Ensure that the home page for the District's website contains an active electronic link to the email address(es) for the School Board, and
2. Provide the Board, such as in the Board meeting packet, with all emails that are received and any feedback regarding them.

If contacted individually, Board members will refer the person to the appropriate level of authority, except in unusual situations. Board members’ questions or communications to staff or about programs will be channeled through the Superintendent's office. Board members will not take individual action that might compromise the Board or District. There is no expectation of privacy for any communication sent to the Board or its members, whether sent by letter, email, or other means.

Board Member Use of Electronic Communications

For purposes of this section, electronic communications includes, without limitation, electronic mail, electronic chat, instant messaging, texting, and any form of social networking. Electronic communications among a majority or more of a Board-quorum shall not be used for the purpose of discussing District business. Electronic communications among Board members shall be limited to: (1) disseminating information, and (2) messages not involving deliberation, debate, or decision-making. The following list contains examples of permissible electronic communications:

- Agenda item suggestions
- Reminders regarding meeting times, dates, and places
- Board meeting agendas or information concerning agenda items
- Individual emails to community members, subject to the other limitations in this policy

In accordance with the Open Meetings Act and the Oath of Office taken by Board members, individual Board members will not (a) reply to an email on behalf of the entire Board, or (b) engage in the discussion of District business through electronic communications with a majority of a Board-quorum.

The Open Meetings Act (OMA) requires the Board of Education to discuss District business only at a properly noticed Board meeting. 5 ILCS 120/. Other than during a Board meeting, a majority or more of a Board-quorum may not engage in contemporaneous interactive communication, whether in person or electronically, to discuss District business. This Guidance assumes a Board has seven members and covers issues arising from Board policy 2:140, Communications To and From the Board.

Communications Between or Among Board Members and/or the Superintendent Outside of a Properly Noted Board Meeting

1. The Superintendent or designee is permitted to email information to Board members. For example, the Superintendent may email Board meeting agendas and supporting information to Board members. When responding to a single Board member's request, the Superintendent should copy all other Board members and include a do not reply/forward alert to the group, such as: "BOARD MEMBER ALERT: This email is in response to a request. Do not reply or forward to the group but only to the sender."

2. Board members are permitted to discuss any matter except District business with each other, whether in person or by telephone or email, regardless of the number of members participating in the discussion. For example, they may discuss league sports, work, or current events.

3. Board members are permitted to provide information to each other, whether in person or by telephone or email, that is non-deliberative and non-substantive. Examples of this type of communication include scheduling meetings and confirming receipt of information.

4. A Board member is not permitted to discuss District business with more than one other Board member at a time, whether in person or by telephone or email. Stated another way, a Board member may discuss District business in person or by telephone or email with only one other Board member at a time. However, a Board member should not facilitate interactive communication by discussing District business in a series of visits with, or telephone calls or emails to, Board members individually.

5. A Board member should include a do not reply/forward alert when emailing a message concerning District business to more than one other Board member. The following is an example of such an alert: "BOARD MEMBER ALERT: This email is not for interactive discussion purposes. The recipient should not reply to it or forward it to any other individual."

6. Board members should not forward email received from another Board member.

When Must the Electronic Communications Sent or Received by Individual Board Members Be Disclosed Pursuant to a Freedom of Information Act (FOIA) Request?

An electronic communication must be disclosed if it is a public record as defined by FOIA, unless a specific exemption applies. A public record is any recorded information "pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of any public body." 5 ILCS 140/2. Email sent or received by an individual Board member may be, depending on the content and circumstances, subject to disclosure as a public record (unless a FOIA exemption is applicable).

If a Board member uses a District-provided device or email address to discuss public business, the email is subject to disclosure under FOIA, barring an applicable exemption. If a Board member uses a private device and email address, the communication is subject to FOIA if it satisfies this test:

First, the communication pertains to the transaction of public business, and
Second, the communication was: (1) prepared by a public body, (2) prepared for a public body, (3) used by a public body, (4) received by a public body, (5) possessed by a public body, and/or (6) controlled by a public body.

This test is from the appellate court decision in City of Champaign v. Madigan, 992 N.E.2d 629 (Ill.App.4th, 2013).

The following examples describe FOIA’s treatment of electronic communications:

1. If an electronic communication does not pertain to public business, it is not a public record and is not subject to a FOIA request.

2. An electronic communication pertaining to public business that is:
   a. Sent and/or received by an individual Board member using a personal electronic device and personal email address while he or she is at home or work would not be a public record. Individual Board members, alone, cannot conduct school District business. As stated earlier, emails among a majority or more of a Board-quorum violate OMA and, thus, are subject to disclosure during proceedings to enforce OMA.
   b. Sent and/or received by an individual Board member on a District-issued device or District-issued email address will be a public record and subject to FOIA. The electronic communication is under the control of the District.
   c. Received by an individual Board member on a personal electronic device and then forwarded by the Board member to a District-owned device or server will be a public record and subject to FOIA. The electronic communication is under the control of the District.
   d. Received by an individual Board member using a personal electronic device and personal email address, and then forwarded by the Board member to enough members to constitute a majority or more of a Board-quorum will be a public record and subject to FOIA. The electronic communication is in the District's possession.
   e. Either sent to or from a Board member's personal electronic device during a Board meeting will be a public record and subject to FOIA. The electronic communication is in the District's possession because Board members were functioning collectively as a public body.

The District's Freedom of Information Officer and/or Board Attorney will help determine when a specific communication must be disclosed pursuant to a FOIA request.

When Must Electronic Communications Be Retained?

Email that qualifies under FOIA as a public record will need to be stored pursuant to the Local Records Act (LRA), only if it is evidence of the District's organization, function, policies, procedures, or activities or contains informational data appropriate for preservation. 50 ILCS 205/. An example is any email from a Board officer concerning a decision made in his or her capacity as an officer. If a Board member uses his or her personal email, he or she must copy this type of email to the appropriate District office where it will be stored. If made available, Board members should use their email accounts provided by the District, and the District will automatically store the official record messages. The District will delete these official record messages as provided in an applicable, approved retention schedule. Of course, email pertaining to public business that is sent or received by a Board Member using a District-issued device or email address will be subject to FOIA, even if the email does not need to be retained under the LRA.

Important: Do not destroy any email concerning a topic that is being litigated without obtaining the Board attorney's direction. In federal lawsuits, there is an automatic discovery of virtually all types of electronically created or stored data that might be relevant. Attorneys will generally notify their clients at the beginning of a legal proceeding not to destroy any electronic records that might be relevant. This is
referred to as a *litigation hold*. For more discussion of a litigation hold, see 2:250-AP2, *Protocols for Record Preservation and Development of Retention Schedules*. In addition, any person who knowingly with the intent to defraud any party destroys, removes, or conceals any public record commits a Class 4 felony. 50 ILCS 205/4.

2:150 Committees

The Board of Education may establish committees to assist with the Board's governance function and, in some situations, to comply with State law requirements. These committees are known as Board committees and report directly to the Board. Committee members may include both Board members and non-Board members depending on the committee's purpose. The Board President makes all Board committee appointments subject to Board approval. Board committee meetings shall comply with the Open Meetings Act. A Board committee may not take final action on behalf of the Board - it may only make recommendations to the Board.

Committees shall operate under the following guidelines:

1. The Board President shall appoint no more than 3 Board members to serve on a committee.
2. The Committee Chairman and the committee members shall establish the committee's meeting dates, time, and place.
3. The Superintendent and Board President are ex-officio members of the Board of Education committees.

Special Board Committees

A special committee may be created for specific purposes or to investigate special issues. A special committee is automatically dissolved after presenting its final report to the Board or at the Board's discretion.

Standing Board Committees

A standing committee is created for an indefinite term although its members will fluctuate. Standing committees are:

1. Policy Committee. This committee researches policy issues, and provides information and recommendations to the Board.
2. Curriculum and Instruction Committee.
5. Strategic Planning Committee.
7. Parent-Teacher Advisory Committee (Student Discipline Committee). This committee assists in the development of student behavior policy and procedure, and provides information and recommendations to the Board. Its members are parents/guardians and teachers, and may include persons whose expertise or experience is needed. The committee reviews such issues as administering medication in the schools, reciprocal reporting between the School District and local law enforcement agencies regarding criminal offenses committed by students, student discipline, disruptive classroom behavior, school bus safety procedures, and the dissemination of student conduct information.
8. Behavioral Interventions Committee. This committee develops and monitors procedures for using behavioral interventions in accordance with Board policy 7:230, Misconduct by Students with Disabilities, and provides information and recommendations to the Board. At the Board President's discretion, the Parent-Teacher Advisory Committee shall perform the duties assigned to the Behavioral Interventions Committee.

Nothing in this policy limits the authority of the Superintendent or designee to create and use committees that report to him or her or to other staff members.

The Board may hold a closed meeting, or close a portion of a meeting, by a majority vote of a quorum, taken at an open meeting. The vote of each Board member present, and the reason for the closed meeting, will be publicly disclosed at the time of the meeting and clearly stated in the motion and the meeting minutes.

A single motion calling for a series of closed meetings may be adopted when such meetings will involve the same particular matters and are scheduled to be held within three months of the vote.

No final Board action will be taken at a closed meeting.

Reconvened or Rescheduled Meetings

A meeting may be rescheduled or reconvened. Public notice of a rescheduled or reconvened meeting shall be given in the same manner as that for a special meeting, except that no public notice is required when the original meeting is open to the public and: (1) is to be reconvened within 24 hours, or (2) an announcement of the time and place of the reconvened meeting was made at the original meeting and there is no change in the agenda.

Special Meetings

Special meetings may be called by the President or by any three members of the Board by giving notice thereof, in writing, stating the time, place, and purpose of the meeting to remaining Board members by mail at least 48 hours before the meeting, or by personal service at least 24 hours before the meeting.
Public notice of a special meeting is given by posting a notice at the District's main office at least 48 hours before the meeting and by notifying the news media that have filed a written request for notice. A meeting agenda shall accompany the notice.

All matters discussed by the Board at any special meeting must be related to a subject on the meeting agenda.

**Emergency Meetings**

Public notice of emergency meetings shall be given as soon as practical, but in any event, before the meeting to news media that have filed a written request for notice.

**Posting on the District Website**

In addition to the other notices specified in this policy, the Superintendent or designee shall post the following on the District website: (1) the annual schedule of regular meetings, which shall remain posted until the Board approves a new schedule of regular meetings; (2) a public notice of all Board meetings; and (3) the agenda for each meeting which shall remain posted until the meeting is concluded.

Agenda

The Board of Education President is responsible for focusing the Board meeting agendas on appropriate content. The Superintendent shall prepare agendas in consultation with the Board President. The President shall designate a portion of the agenda as a consent agenda for those items that usually do not require extensive discussion before Board action. Any Board member may request the withdrawal of any item under the consent agenda and placed on the regular agenda for independent consideration.

Each Board meeting agenda shall contain the general subject matter of any item that will be the subject of final action at the meeting. Any Board member may submit suggested agenda items to the Board President for his or her consideration. District residents may suggest inclusions for the agenda. Discussion items may be added to the agenda at the beginning of a regular meeting. The Board will take final action only on items contained in the posted agenda; items not on the agenda may still be discussed.

The Superintendent shall provide a copy of the agenda, with adequate data and background information, to each Board member at least 48 hours before each meeting, except a meeting held in the event of an emergency. The meeting agenda shall be posted in accordance with Board policy 2:200, Types of Board of Education Meetings.

The Board President shall determine the order of business at regular Board meetings. Upon consent of a majority of members present, the order of business at any meeting may be changed.

Voting Method

Unless otherwise provided by law, when a vote is taken upon any measure before the Board, with a quorum being present, a majority of the votes cast shall determine its outcome. A vote of "abstain" or "present," or a vote other than "yea" or "nay," or a failure to vote, is counted for the purposes of determining whether a quorum is present. A vote of "abstain" or "present," or a vote other than "yea" or "nay," or a failure to vote, however, is not counted in determining whether a measure has been passed by the Board, unless otherwise stated in law. The sequence for casting votes shall be rotated.

On all questions involving the expenditure of money and on all questions involving the closing of a meeting to the public, a roll call vote shall be taken and entered in the Board's minutes.

Any Board member may request that his or her vote be changed before the President announces the result.

Any Board member may request that his or her vote be recorded and may append a statement explaining it.

Minutes

The Board or Recording Secretary shall keep written minutes of all Board meetings (whether open or closed), which shall be signed by the President and the Secretary. The minutes include:

1. The meeting’s date, time, and place;
2. Board members recorded as either present or absent;
3. A summary of the discussion on all matters proposed, deliberated, or decided, and a record of any votes taken;
4. On all matters requiring a roll call vote, a record of who voted "yea" and "nay";
5. If the meeting is adjourned to another date, the time and place of the adjourned meeting;
6. The vote of each member present when a vote is taken to hold a closed meeting or portion of a meeting, and the reason for the closed meeting with a citation to the specific exception contained in the Open Meetings Act authorizing the closed meeting;
7. A record of all motions, the members making the motion and the second; and
8. The type of meeting, including any notices and, if a reconvened meeting, the original meeting's date.

The minutes shall be submitted to the Board for approval or modification at its next regularly scheduled open meeting. Minutes for open meetings must be approved within 30 days after the meeting or at the second subsequent regular meeting, whichever is later.

At least semi-annually in an open meeting, the Board: (1) reviews minutes from closed meetings that are currently unavailable for public release, and (2) decides which, if any, no longer require confidential treatment and are available for public inspection. The Board may meet in a prior closed session to review the minutes from closed meetings that are currently unavailable for public release.

The Board’s meeting minutes must be submitted to the Board Treasurer at such times as the Treasurer may require.

The official minutes are in the custody of the Board or Recording Secretary. Open meeting minutes are available for inspection during regular office hours within 10 days after the Board's approval; they may be inspected in the District's main office, in the presence of the Secretary, the Superintendent or designee, or any Board member.

Minutes from closed meetings are likewise available, but only if the Board has released them for public inspection, except that Board members may access closed session minutes not yet released for public inspection (1) in the District's administrative offices or their official storage location, and (2) in the presence of the Recording Secretary, the Superintendent or designated administrator, or any elected Board member. The minutes, whether reviewed by members of the public or the Board, shall not be removed from the District's administrative offices or their official storage location except by vote of the Board or by court order. The Board's open meeting minutes shall be posted on the District website within 10 days after the Board approves them; the minutes will remain posted for at least 60 days.

**Verbatim Record of Closed Meetings**

The Superintendent, or the Board Secretary when the Superintendent is absent, shall audio record all closed meetings. If neither is present, the Board President or presiding officer shall assume this responsibility. After the closed meeting, the person making the audio recording shall label the recording with the date and store it in a secure location. The Superintendent shall ensure that: (1) an audio recording device and all necessary accompanying items are available to the Board for every closed meeting, and (2) a secure location for storing closed meeting audio recordings is maintained within the District's main office.

After 18 months have passed since being made, the audio recording of a closed meeting is destroyed provided the Board approved: (1) its destruction, and (2) minutes of the particular closed meeting.

Individual Board members may access verbatim recordings in the presence of the Recording Secretary, the Superintendent or designated administrator, or any elected Board member. Access to the verbatim recordings is available at the District's administrative offices or the verbatim recording's official storage location. Requests shall be made to the Superintendent or Board President. While a Board member is listening to a verbatim recording, it shall not be re-recorded or removed from the District's main office or official storage location, except by vote of the Board or by court order.

Before making such requests, Board members should consider whether such requests are germane to their responsibilities, service to District, and/or Oath of Office in policy 2:80, Board Member Oath.
and Conduct. In the interest of encouraging free and open expression by Board members during closed meetings, the recordings of closed meetings should not be used by Board members to confirm or dispute the accuracy of recollections.

Quorum and Participation by Audio or Video Means

A quorum of the Board must be physically present at all Board meetings. A majority of the full membership of the Board constitutes a quorum.

Provided a quorum is physically present, a Board member may attend a meeting by video or audio conference if he or she is prevented from physically attending because of: (1) personal illness or disability, (2) employment or District business, or (3) a family or other emergency. If a member wishes to attend a meeting by video or audio means, he or she must notify the recording secretary or Superintendent at least 24 hours before the meeting unless advance notice is impractical. The recording secretary or Superintendent will inform the Board President and make appropriate arrangements. A Board member who attends a meeting by audio or video means, as provided in this policy, may participate in all aspects of the Board meeting including voting on any item.

Rules of Order

Unless State law or Board-adopted rules apply, the Board President, as the presiding officer, will use Robert's Rules of Order, Newly Revised (11th Edition), as a guide when a question arises concerning procedure.

Broadcasting and Recording Board Meetings

Any person may record or broadcast an open Board meeting. Requests for special needs, such as seating, writing surfaces, lighting, and access to electrical power, should be directed to the Superintendent at least two hours before the meeting.

Recording meetings shall not distract or disturb Board members, other meeting participants, or members of the public. The Board President may designate a location for recording equipment, may restrict the movements of individuals who are using recording equipment, or may take such other steps as are deemed necessary to preserve decorum and facilitate the meeting.

**Meeting Minutes Protocol**

1. Meeting minutes are the permanent record of the proceedings during a Board of Education meeting. All Board action must be recorded in the minutes; thus, the minutes focus on Board action.

2. The minutes only include information provided at the meeting. Information may not be corrected or updated in the minutes unless it was discussed at the meeting.

3. Minutes include a summary of the Board's discussion on an agenda topic; the minutes do not state what is said verbatim. The minutes do not repeat the same point made by different individuals. If appropriate, the minutes include a brief background and an explanation of the circumstances surrounding an issue discussed. The minutes do not include the names of members making specific points during discussion. Requests from individual Board members to include their vote or an opinion are handled according to Board policy 2:220, *Board of Education Meeting Procedure*.

4. The minutes include the topic of reports that are made to the Board including reports from the Superintendent or a Board committee. Written reports are filed with the minutes but do not become part of the minutes.

5. The minutes note when a member is not present for the entire meeting due to late arrival and/or early departure.

6. Although items may be considered by the Board in a different order than appeared on the agenda, items in the minutes are generally recorded in the same order as they appeared on the agenda. When a meeting is reconvened on a different date, the minutes must describe what happened on each meeting date.

7. The minutes should be recorded in an objective but positive/constructive tone. Answers and explanations, rather than questions, are recorded. Writing style, including choice of words and sentence structure, is at the discretion of the individual recording the minutes.

8. The minutes include individuals' names who speak during the meeting's public participation segment as well as the topics they address. All written documents presented at a Board meeting are filed with the minutes but do not become part of the minutes.

9. The following template generally governs meeting minutes:

Open Meetings Act

The Open Meetings Act (OMA) requires public bodies to "keep written minutes of all their meetings, whether open or closed, and a verbatim record of all their closed meetings in the form of an audio or video recording." 5 ILCS 120/2.06(a). Minutes must include, but are not limited to: (1) the date, time, and place of the meeting; (2) the members of the public body recorded as either present or absent and whether the members were physically present or present by means of video or audio conference; and (3) a summary of discussion on all matters proposed, deliberated, or decided, and record of any votes taken. Id.

The remainder of Section 2.06 addresses the approval of open meeting minutes, the treatment of verbatim recordings of closed meetings, the semi-annual review of closed meeting minutes, the confidential nature of closed meeting minutes, and the right of persons to address public officials under rules established and recorded by the public body. The requirements of Section 2.06, as well as OMA requirements pertaining to Board agendas, are included in policy 2:220, School Board Meeting Procedure.

Exhibit 2:220-E3, Closed Meeting Minutes, provides a sample template for keeping closed meeting minutes that incorporates the requirements of Section 2.06 of OMA. It also includes an area to designate if the Board has determined, pursuant to Section 2.06(d), that the closed meeting minutes no longer need confidential treatment.

Exhibit 2:220-E4, Open Meeting Minutes, contains an open meeting minute's protocol that incorporates the requirements of Section 2.06 of OMA. It also provides a sample template for keeping open meeting minutes.

Exhibit 2:220-E5, Semi-Annual Review of Closed Meeting Minutes, contains a process for implementing the semi-annual review of closed meeting minutes, and exhibit 2:220-E6, Log of Closed Meeting Minutes, is designed to facilitate this semi-annual review.

Local Records Act

The Local Records Act (LRA) provides that public records, including "any book, paper, map, photograph, digitized electronic material, or other official documentary material, regardless of physical form or characteristics, made, produced, executed or received by any agency or officer pursuant to law or in connections with the transaction of public business and preserved or appropriate for preservation by such agency or officer" must be preserved unless the State Local Records Commission has given permission to destroy those records. 50 ILCS 205/3 and 7. Board records, including agendas, meeting packets and meeting minutes, fall into this definition.

Public bodies located in Cook County must work with the Local Records Commission of Cook County to determine how long they must retain public records. Public bodies located outside of Cook County must work with the Downstate Local Records Commission to determine how long they must retain public records.

Policy 2:250, Access to District Public Records, contains a subhead entitled Preserving Public Records which provides as follows:

Public records, including email messages, shall be preserved and cataloged if: (1) they are evidence of the District's organization, function, policies, procedures, or activities, (2) they contain informational data appropriate for preservation, (3) their retention is required by State or federal law, or (4) they are subject to a retention request by the Board Attorney (e.g., a litigation hold), District auditor, or other individual authorized by the School Board or State or federal law to make such a request. Unless its
retention is required as described in items numbered 3 or 4 above, a public record, as defined by the Illinois Local Records Act, may be destroyed when authorized by the Local Records Commission.

See the sample policy, 2:200, *School Board Meeting Procedure*, for all relevant footnotes. Also see administrative procedure 2:250-AP2, *Protocols for Record Preservation and Development of Retention Schedules*, for recommendations regarding school district records retention protocols and links to web-based record management resources.

2.06(c) specifically allows the destruction of closed meeting verbatim recordings only if certain conditions are met, one of which is that “the public body approves minutes of the closed meeting that meet the written minutes requirements of subsection (a) of this Section.” 5 ILCS 120/2.06(c)(2). Both of these tasks would be difficult to achieve if closed meeting minutes were not first approved.

One practice is to approve closed meeting minutes within the same time frame that open meeting minutes are approved - within 30 days of the meeting or at the next subsequent meeting, whichever is later.

Existing minutes of all prior closed meetings (this includes records from all time that the board has been in existence). At such meetings a determination shall be made, and reported in an open session that (1) the need for confidentiality still exists as to all or part of those minutes or (2) that the minutes or portions thereof no longer require confidential treatment and are available for public inspection. 5 ILCS 120/2.06(d).

Available only after the public body determines that it is no longer necessary to protect the public interest or the privacy of an individual by keeping them confidential. 5 ILCS 120/2.06(f).

2:230 Public Participation at Board of Education Meetings and Petitions to the Board

At each regular and special open meeting, members of the public and District employees may comment to or ask questions of the Board of Education, subject to reasonable constraints.

To preserve sufficient time for the Board to conduct its business, any person appearing before the Board is expected to follow these guidelines:

1. Address the Board only at the appropriate time as indicated on the agenda and when recognized by the Board President.

2. Identify oneself and be brief. Ordinarily, the time for any one person to address the Board during public participation shall be limited to five minutes. In unusual circumstances, and when an individual has made a request to speak for a longer period of time, the person may be allowed to speak for more than five minutes.

3. Observe the Board President’s decision, when necessary and appropriate, the:
   a. Shortening of the time for each person to address the Board during public participation to conserve time and give the maximum number of people an opportunity to speak;
   b. Determination of procedural matters regarding public participation not otherwise covered in Board policy.

4. Conduct oneself with respect and civility toward others and otherwise abide by Board policy 8:30, Visitors to and Conduct on School Property.

Petitions or written correspondence to the Board shall be presented to the Board at the next regularly scheduled Board meeting.

2:240 Board Policy Development

The Board of Education governs using written policies. Written policies ensure legal compliance, establish Board processes, articulate District ends, delegate authority, and define operating limits. Board policies also provide the basis for monitoring progress toward District ends.

Policy Development

Anyone may propose new policies, changes to existing policies, or elimination of existing policies. Staff suggestions should be processed through the administrative chain of command. Suggestions from all others should be made to the Board President or the Superintendent.

A Board Policy Committee will consider all policy suggestions, and provide information and recommendations to the Board.

The Superintendent is responsible for: (1) providing relevant policy information and data to the Board, (2) notifying those who will implement or be affected by or required to implement a proposed policy and obtaining their advice and suggestions, and (3) having policy recommendations drafted into written form for Board deliberation. The Superintendent shall seek the counsel of the Board attorney when appropriate.

Policy Adoption and Dissemination

Policies or policy revisions will not be adopted at the Board meeting at which they are first introduced, except when: (1) appropriate for a consent agenda because no Board discussion is required, or (2) necessary or prudent in order to meet emergency or special conditions or to be legally compliant. Further Board consideration will be given at a subsequent meeting(s) and after opportunity for community input. The adoption of a policy will serve to supersede all previously adopted policies on the same topic.

The Board policies are available for public inspection in the District's main office during regular office hours. Copy requests should be made pursuant to Board policy 2:250, Access to District's Public Records.

Board Policy Review and Monitoring

The Board will periodically review its policies for relevancy, monitor its policies for effectiveness, and consider whether any modifications are required.

Superintendent Implementation

The Board will support any reasonable interpretation of Board policy made by the Superintendent. If reasonable minds differ, the Board will review the applicable policy and consider the need for further clarification.

In the absence of Board policy, the Superintendent is authorized to take appropriate action.

Suspension of Policies

The Board, by a majority vote of members present at any meeting, may temporarily suspend a Board policy except those provisions that are controlled by law or contract. The failure to suspend with a specific motion does not invalidate the Board action.

*Forest Ridge SD 142*
Full access to the District's public records is available to any person as provided in the Illinois Freedom of Information Act (FOIA), this policy, and implementing procedures. The Superintendent or designee shall: (1) provide the Board with sufficient information and data to permit the Board to monitor the District's compliance with FOIA and this policy, and (2) report any FOIA requests during the Board's regular meetings along with the status of the District's response.

Freedom of Information Officer

The Superintendent shall appoint an employee, who may be himself or herself, to serve as the District's Freedom of Information Officer. That appointee assumes all the duties and powers of that office as provided in FOIA and this policy.

Definition

The District's public records are defined as records, reports, forms, writings, letters, memoranda, books, papers, maps, photographs, microfilms, cards, tapes, recordings, electronic data processing records, electronic communications, recorded information and all other documentary material pertaining to the transaction of public business, regardless of physical form or characteristics, having been prepared by or for, or having been or being used by, received by, in the possession of, or under the control of the School District.

Requesting Records

A request for inspection and/or copies of public records must be made in writing and may be submitted by personal delivery, mail, telefax, or email directed to the District's Freedom of Information Officer. Individuals making a request are not required to state a reason for the request other than to identify when the request is for a commercial purpose or when requesting a fee waiver. The Superintendent or designee shall instruct District employees to immediately forward any request for inspection and copying of a public record to the District's Freedom of Information Officer or designee.

Responding to Requests

The Freedom of Information Officer shall approve all requests for public records unless:

1. The requested material does not exist;
2. The requested material is exempt from inspection and copying by the Freedom of Information Act; or
3. Complying with the request would be unduly burdensome.

Within five business days after receipt of a request for access to a public record, the Freedom of Information Officer shall comply with or deny the request, unless the time for response is extended as specified in Section 3 of FOIA. The Freedom of Information Officer may extend the time for a response for up to five business days from the original due date. If an extension is needed, the Freedom of Information Officer shall: (1) notify the person making the request of the reason for the extension, and (2) either inform the person of the date on which a response will be made, or agree with the person in writing on a compliance period.

The time periods are extended for responding to requests for records made for a commercial purpose, requests by a recurrent requester, or voluminous requests, as those terms are defined in Section 2 of FOIA. The time periods for responding to those requests are governed by Sections 3.1, 3.2, and 3.6 of FOIA.

When responding to a request for a record containing both exempt and non-exempt material, the Freedom of Information Officer shall redact exempt material from the record before complying with the
Persons making a request for copies of public records must pay any and all applicable fees. The Freedom of Information Officer shall establish a fee schedule that complies with FOIA and this policy and is subject to the Board's review. The fee schedule shall include copying fees and all other fees to the maximum extent they are permitted by FOIA, including without limitation, search and review fees for responding to a request for a commercial purpose and fees, costs, and personnel hours in connection with responding to a voluminous request.

Copying fees, except when fixed by statute, shall be reasonably calculated to reimburse the District's actual cost for reproducing and certifying public records and for the use, by any person, of its equipment to copy records. In no case shall the copying fees exceed the maximum fees permitted by FOIA. If the District's actual copying costs are equal to or greater than the maximum fees permitted by FOIA, the Freedom of Information Officer is authorized to use FOIA's maximum fees as the District's fees. No copying fees shall be charged for: (1) the first 50 pages of black and white, letter or legal sized copies, or (2) electronic copies other than the actual cost of the recording medium, except if the response is to a voluminous request, as defined in FOIA.

A fee reduction is available if the person requesting the record states a specific purpose for the request and indicates that a fee reduction is in the public interest by having as its principal purpose the preservation of the general public's health, safety, welfare, or legal rights and is not for the principal purpose of personal or commercial benefit. The Freedom of Information Officer shall set the amount of the reduction, taking into consideration the amount of material requested and the cost of copying it.

Provision of Copies and Access to Records

A public record that is the subject of an approved access request will be available for inspection or copying at the District's administrative office during regular business hours, unless other arrangements are made by the Freedom of Information Officer.

Some public records are available for immediate access including a description of the process for requesting a public record, and a list of all types or categories of records under its control.

Preserving Public Records

Public records, including email messages, shall be preserved and cataloged if: (1) they are evidence of the District's organization, function, policies, procedures, or activities, (2) they contain informational data appropriate for preservation, (3) their retention is required by State or federal law, or (4) they are subject to a retention request by the Board Attorney (e.g., a litigation hold), District auditor, or other individual authorized by the School Board or State or federal law to make such a request. Unless its retention is required as described in items numbered 3 or 4 above, a public record, as defined by the Illinois Local Records Act, may be destroyed when authorized by the Local Records Commission.

2:260 Uniform Grievance Procedure

A student, parent/guardian, employee, or community member should notify any District Complaint Manager if he or she believes that the Board of Education, its employees, or its agents have violated his or her rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy, or have a complaint regarding any one of the following:

1. Title II of the Americans with Disabilities Act
2. Title IX of the Education Amendments of 1972
3. Section 504 of the Rehabilitation Act of 1973
7. Breastfeeding accommodations for students, 105 ILCS 5/10-20.60
8. Bullying, 105 ILCS 5/27-23.7
9. Misuse of funds received for services to improve educational opportunities for educationally disadvantaged or deprived children
10. Curriculum, instructional materials, and/or programs
13. Provision of services to homeless students
16. Employee Credit Privacy Act, 820 ILCS 70/.

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to this grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed under this policy shall not be impaired by the person’s pursuit of other remedies, e.g., criminal complaints, civil actions, etc. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. If a person is pursuing another remedy subject to a complaint under this policy, the District will continue with a simultaneous investigation under this policy.

Deadlines

All deadlines under this policy may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, school business days means days on which the District’s main office is open.

Filing a Complaint
A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with a student's parent(s)/guardian(s). The Complaint Manager shall assist the Complainant as needed.

4:55 Use of Credit and Procurement Cards

The Superintendent and employees designated by the Superintendent are authorized to use District credit and procurement cards to simplify the acquisition, receipt, and payment of purchases and travel expenses incurred on the District's behalf. Credit and procurement cards shall only be used for those expenses that are for the District's benefit and serve a valid and proper public purpose; they shall not be used for personal purchases. Cardholders are responsible for exercising due care and judgment and for acting in the District's best interests.

The Superintendent or designee shall manage the use of District credit and procurement cards by employees. It is the Board's responsibility, through the audit and approval process, to determine whether District credit and procurement card use by the Superintendent is appropriate.

In addition to the other limitations contained in this and other Board policies, District credit and procurement cards are governed by the following restrictions:

1. Credit and/or procurement cards may only be used to pay certain job-related expenses or to make purchases on behalf of the Board or District or any student activity fund, or for purposes that would otherwise be addressed through a conventional revolving fund.

2. The Superintendent or designee shall instruct the issuing bank to block the cards' use at unapproved merchants.

3. Each cardholder, other than the Superintendent, may charge no more than $500 in a single purchase and no more than $1000 within a given month without prior authorization from the Superintendent.

4. The Superintendent or designee must approve the use of a District credit or procurement card whenever such use is by telephone, fax, and the Internet. Permission shall be withheld when the use violates any Board policy, is from a vendor whose reputation has not been verified, or would be more expensive than if another available payment method were used.

5. The consequences for unauthorized purchases include, but are not limited to, reimbursing the District for the purchase amount, loss of cardholding privileges, and, if made by an employee, discipline up to and including discharge.

6. All cardholders must sign a statement affirming that they are familiar with this policy.

7. The Superintendent shall implement a process whereby all purchases using a District credit or procurement card are reviewed and approved by someone other than the cardholder or someone under the cardholder's supervision.

8. Cardholders must submit the original, itemized receipt to document all purchases.

9. No individual may use a District credit or procurement card to make purchases in a manner contrary to State law, including, but not limited to, the bidding and other purchasing requirements in 105 ILCS 5/10-20.21, or any Board policy.

10. The Superintendent or designee shall account for any financial or material reward or rebate offered by the company or institution issuing the District credit or procurement card and shall ensure that it is used for the District's benefit.

a. In accordance with 105 ILCS 5/10-21.9(f): (1) prohibit any of its employees who is or was found guilty of a criminal offense listed in 105 ILCS 5/10-21.9(c) and 5/21B-80(c) to have direct, daily contact at a District school or school-related activity with one or more student(s); (2) prohibits any of the contractor's employees from having direct, daily contact with one or more students if the employee was found guilty of any offense in 5/21B-80(b) (certain drug offenses) until seven years following the end of the employee's sentence for the criminal offense; and (3) require each of its employees who will have direct, daily contact with student(s) to cooperate during the District's fingerprint-based criminal history records check on him or her.

The District shall provide free transportation for any student in the District who resides: (1) at a distance of one and one-half miles or more from his or her assigned school, unless the Board of Education has certified to the Illinois State Board of Education that adequate public transportation is available, or (2) if adequate public transportation is not available, within one and one-half miles from his or her assigned school where walking to or from school or to or from a pick-up point or bus stop would constitute a serious safety hazard due to either (a) vehicular traffic or rail crossing or (b) a course or pattern of criminal activity, as defined in the Ill. Streetgang Terrorism Omnibus Prevention Act, 740 ILCS 147/. A student’s parent(s)/guardian(s) may file a petition with the Board requesting transportation due to the existence of a serious safety hazard. Free transportation service and vehicle adaptation is provided for a special education student if included in the student’s individualized educational program. The District may provide transportation to and from school-sponsored activities. Non-public school students shall be transported in accordance with State law. Homeless students shall be transported in accordance with Section 45/1-15 of the Education for Homeless Children Act. Foster care students shall be transported in accordance with Section 6312(c)(5)(B) of the Elementary and Secondary Education Act.

If a student is at a location within the District, other than his or her residence, for child care purposes at the time for transportation to and/or from school, that location may be considered for purposes of determining the 1½ miles from the school attended. Unless the Superintendent or designee establishes new routes, pick-up and drop-off locations for students in day care must be along the District’s regular routes. The District will not discriminate among types of locations where day care is provided, which may include the premises of licensed providers, relatives’ homes, or neighbors’ homes.

Bus schedules and routes shall be determined by the Operations Manager and Building Principal and shall be altered only with the Superintendent or designee’s approval and direction. In setting the routes, the pick-up and discharge points should be as safe for students as possible.

No school employee may transport students in school or private vehicles unless authorized by the administration.

Every vehicle regularly used for the transportation of students must pass safety inspections in accordance with State law and Illinois Department of Transportation regulations. The strobe light on a school bus may be illuminated only when the bus is actually being used as a school bus and (1) is stopping or stopped for loading or discharging students on a highway outside an urban area, or (2) is bearing one or more students. Notice

The Superintendent shall be responsible for implementing the District's free and reduced-price food services policy and all applicable programs.

Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Dept. of Agriculture and distributed by the Ill. State Board of Education.

Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Dept. of Agriculture in 7 C.F.R. §245.7, Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent shall keep on file for a period of three years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for three years.

Re: Eligibility and Meal Charge Notifications

The following notification is provided at the beginning of each school year as federally required notification regarding eligibility requirements and the application process for the free and reduced-price food services that are listed in Board policy 4:130, Free and Reduced-Price Food Services and 4:140, Waiver of Student Fees. For more information, see www.fns.usda.gov/school-meals/unpaid-meal-charges, and/or contact the Building Principal or designee.

Free and Reduced-Price Food Services Eligibility

When the parents/guardians of students are unable to pay for their child(ren)’s meal services, meal charges will apply per a student's eligibility category and will be processed by the District accordingly.

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Dept. of Agriculture, and distributed by the Ill. State Board of Education.

Meal Charges for Meals Provided by the District

The Building Principal and District staff will work jointly to prevent meal charges from accumulating. Every effort to collect all funds due to the District will be made on a regular basis and before the end of the school year. Contact your Building Principal or designee about whether your child(ren)’s charges may be carried over at the end of the school year, i.e., beyond June 30th.

Unpaid meal charges are considered delinquent debt when payment is overdue as defined by Board policy 4:45, Insufficient Fund Checks and Debt Recovery and the Hunger-Free Students' Bill of Rights Act (105 ILCS 123/, added by P.A. 100-1092). The District will make reasonable efforts to collect charges classified as delinquent debt.

When a student’s funds are low or there is a negative balance, reminders will be provided to the staff, students, and their parent(s)/guardian(s) at regular intervals during the school year. State law allows the Building Principal to contact parent(s)/guardian(s) to attempt collection of the owed money when the amount owed is more than the amount of five lunches. If a parent/guardian regularly fails to provide meal money for the child(ren) that he/she is responsible for in the District and does not qualify for free meal benefits, the Building Principal or designee will direct the next course of action. Continual failure to provide meal money may require the District to notify the Ill. Dept. of Children and Family Services (DCFS) and/or take legal steps to recover the unpaid meal charges, up to and including seeking an offset under the State Comptroller Act, if applicable.

Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

All District buildings and grounds shall be adequately maintained in order to provide an appropriate, safe, and energy efficient physical environment for learning and teaching. The Superintendent or designee shall provide the Board with periodic reports on maintenance data and projected maintenance needs that include cost analysis. Prior Board approval is needed for all renovations or permanent alterations to buildings or grounds when the total cost will exceed $10,000, including the cost equivalent of staff time. This policy is not intended to discourage efforts to improve the appearance of buildings or grounds that are consistent with the designated use of those buildings and grounds.

Standards for Green Cleaning

For each District school with 50 or more students, the Superintendent or designee shall establish and supervise a green cleaning program that complies with the guidelines established by the Illinois Green Government Coordinating Council.

Board approval is needed for all new facility construction and expansion.

When making decisions pertaining to design and construction of school facilities, the Board will confer with members of the staff and community, the Ill. State Board of Education, and educational and architectural consultants, as it deems appropriate. The Board’s facility goals are to:

7. Provide for low maintenance costs and energy efficiency.

Naming Buildings and Facilities

Recognizing that the name for a school building, facility, or ground or field reflects on its public image, the Board’s primary consideration will be to select a name that enhances the credibility and stature of the school or facility. Any request to name or rename an existing facility should be submitted to the Board. When a facility is to be named or renamed, the Board President will appoint a special committee to consider nominations and make a recommendation, along with supporting rationale, to the Board. The Board will make the final selection. The committee shall operate under the following
guidelines:

1. The committee will encourage input from the community, staff members, and students.
2. Consideration will be given to names of local communities, neighborhoods, streets, landmarks, historical considerations, and individuals who have made a contribution to the District, community, State, or nation.
3. The name will not duplicate or cause confusion with the names of existing facilities in the District.

5:30 Hiring Process and Criteria

The District hires the most qualified personnel consistent with budget and staffing requirements and in compliance with Board of Education policy on equal employment opportunity and minority recruitment. The Superintendent is responsible for recruiting personnel and making hiring recommendations to the Board. If the Superintendent's recommendation is rejected, the Superintendent must submit another. The Superintendent may select personnel on a short-term basis for a specific project or emergency condition before the Board’s approval. No individual will be employed who has been convicted of a criminal offense listed in 105 ILCS 5/21B-80(c).

All applicants must complete a District application in order to be considered for employment.

Job Descriptions

The Board maintains the Superintendent’s job description and directs, through policy, the Superintendent, in his or her charge of the District’s administration.

The Superintendent shall develop and maintain a current comprehensive job description for each position or job category; however, a provision in a collective bargaining agreement or individual contract will control in the event of a conflict.

Investigations

The Superintendent or designee shall ensure that a fingerprint-based criminal history records check and a check of the Statewide Sex Offender Database and Violent Offender Against Youth Database is performed on each applicant as required by State law. When the applicant is a successful superintendent candidate who has been offered employment by the Board, the Board President shall ensure that these checks are completed. The Superintendent or designee, or if the applicant is a successful superintendent candidate, then the Board President shall notify an applicant if the applicant is identified in either database. The School Code requires the Board President to keep a conviction record confidential and share it only with the Superintendent, appropriate Intermediate Service Center, State Superintendent, State Educator Preparation and Licensure Board, any other person necessary to the hiring decision, or for purposes of clarifying the information, the Ill. Dept. of State Police and/or Statewide Sex Offender Database. The Board reserves its right to authorize additional background inquiries beyond a fingerprint-based criminal history records check when it deems it appropriate to do so, in accordance with applicable laws.

Each newly hired employee must complete a U.S. Citizenship and Immigration Services Form as required by federal law.

The District retains the right to discharge any employee whose criminal background investigation reveals a conviction for committing or attempting to commit any of the offenses outlined in 105 ILCS 5/21B-80 or who falsifies, or omits facts from, his or her employment application or other employment documents. If an indicated finding of abuse or neglect of a child has been issued by the Ill. Department of Children and Family Services or by a child welfare agency of another jurisdiction for any applicant for student teaching, applicant for employment, or any District employee, then the Board must consider that person’s status as a condition of employment.

The Superintendent shall ensure that the District does not engage in any investigation or inquiry prohibited by law, including without limitation, investigation into or inquiry concerning: (1) credit history or report unless a satisfactory credit history is an established bona fide occupational requirement of a particular position; (2) The District does not screen applicants based on their current or prior wages or salary histories, including benefits or other compensation, by requiring that the wage or salary history satisfy minimum or maximum criteria. (3) The District does not request or require a wage or salary history as a condition of being considered for employment, being interviewed, continuing to be considered for an offer of employment, an offer of employment, or an offer of compensation. (4) The
District does not request or require an applicant to disclose wage or salary history as a condition of employment. (5) The District does not ask an applicant or applicant’s current or previous employers about wage or salary history, including benefits or other compensation. (6) claim(s) made or benefit(s) received under Workers’ Compensation Act; and (7) access to an employee's or applicant's personal online account, such as social networking website, including a request for passwords to such accounts.

Physical Examinations

Each new employee must furnish evidence of physical fitness to perform assigned duties and freedom from communicable disease. The physical fitness examination must be performed by a physician licensed in Illinois, or any other state, to practice medicine and surgery in any of its branches, a licensed advanced practice registered nurse, or a licensed physician assistant who has been delegated the authority by his or her supervising physician to perform health examinations. The employee must have the physical examination performed no more than 90 days before submitting evidence of it to the District.

Any employee may be required to have an additional examination by a physician who is licensed in Illinois to practice medicine and surgery in all its branches, a licensed advanced practice registered nurse, or a licensed physician assistant who has been delegated the authority by his or her supervising physician to perform health examinations, if the examination is job-related and consistent with business necessity. The Board will pay the expenses of any such examination.

Orientation Program

The District's staff will provide an orientation program for new employees to acquaint them with the District's policies and procedures, the school's rules and regulations, and the responsibilities of their position. Before beginning employment, each employee must sign the Acknowledgement of Mandated Reporter Status form as provided in policy 5:90, Abused and Neglected Child Reporting.

5:35 Compliance with the Fair Labor Standards Act

Job Classifications

The Superintendent will ensure that all job positions are identified as either "exempt" or "non-exempt" according to State law and the Fair Labor Standards Act (FLSA) and that employees are informed whether they are "exempt" or "non-exempt." "Exempt" and "non-exempt" employee categories may include certificated and non-certificated job positions. All non-exempt employees, whether paid on a salary or hourly basis, are covered by minimum wage and overtime provisions.

Workweek and Compensation

The workweek for District employees will be 12:00 a.m. Sunday until 11:59 p.m. Saturday. Non-exempt employees will be compensated for all hours worked in a workweek including overtime. For non-exempt employees paid a salary, the salary is paid for a 40-hour workweek even if an employee is scheduled for less than 40 hours. "Overtime" is time worked in excess of 40 hours in a single workweek.

Overtime

A non-exempt employee shall not work overtime without his or her supervisor's express approval. All supervisors of non-exempt employees shall: (1) monitor overtime use on a weekly basis and report such use to the business office, (2) seek the Superintendent or designee's written pre-approval for any long term or repeated use of overtime that can be reasonably anticipated, (3) ensure that overtime provisions of this policy and the FLSA are followed, and (4) ensure that employees are compensated for any overtime worked. Accurate and complete time sheets of actual hours worked during the workweek shall be signed by each employee and submitted to the business office. The business office will review work records of employees on a regular basis, make an assessment of overtime use, and provide the assessment to the Superintendent. In lieu of overtime compensation, non-exempt employees may receive compensatory time-off, according to Board policy 5:310, Compensatory Time-Off.

Suspension Without Pay

No exempt employee shall have his or her salary docked, such as by an unpaid suspension, if the deduction would cause a loss of the exempt status. Licensed employees may be suspended without pay in accordance with Board policy 5:240, Professional Personnel - Suspension. Non-licensed employees may be suspended without pay in accordance with Board policy 5:290, Educational Support Personnel - Employment Termination and Suspensions.

Implementation

The Superintendent or designee shall implement the policy in accordance with the FLSA, including its required notices to employees. In the event of a conflict between the policy and State or federal law, the latter shall control.

The Review Team shall hold the employee's medical condition and records in strictest confidence, except to the extent allowed by law.

An employee with a communicable or chronic infectious disease will be permitted to retain his or her position whenever, after reasonable accommodations and without undue hardship, there is no substantial risk of transmission of the disease to others, provided an employee is able to continue to perform the position's essential functions. All District workplaces are drug- and alcohol-free workplaces.

All employees are prohibited from engaging in any of the following activities while on District premises or while performing work or being on call for the District:

1. Unlawful manufacture, dispensing, distribution, possession, or use of an illegal or controlled substance or being impaired by or under the influence of any illegal substance or any detectible use of any illegal substance regardless of when or where the use occurred.

The District considers employees impaired by or under the influence of cannabis when there is a good faith belief that an employee manifests the specific articulable symptoms listed in the Cannabis Regulation and Tax Act (CRTA).

2. Notify his or her supervisor of his or her conviction under any criminal drug statute for a violation occurring on the District premises or while performing work for the District, no later than five calendar days after such a conviction.

Unless otherwise prohibited by this policy, prescription and over-the-counter medications are not prohibited when taken in standard dosages and/or according to prescriptions from the employee’s licensed health care provider, provided that an employee’s work performance is not impaired.

   b. Available drug and alcohol counseling, rehabilitation, re-entry, and any employee assistance programs, and
   c. The penalties that the District may impose upon employees for violations of this policy.

6. Remind employees that policy 6:60, *Curriculum Content*, requires the District to educate students, depending upon their grade, about drug and substance abuse prevention and relationships between drugs, alcohol, and violence.

**E-Cigarette, Tobacco, and Cannabis Prohibition**

All employees are covered by the conduct prohibitions contained in policy 8:30, *Visitors to and Conduct on School Property*. The prohibition on the use of e-cigarettes, tobacco, and cannabis products applies both (1) when an employee is on school property, and (2) while an employee is performing work for the District at a school event regardless of the event’s location.

*Tobacco* shall have the meaning provided in 105 ILCS 5/10-20.5b.

*Cannabis* shall have the meaning provided in the CRTA, 410 ILCS 705/1-10.

**District Action Upon Violation of Policy**

An employee who violates this policy may be subject to disciplinary action, including termination. In addition or alternatively, the Board may require an employee to successfully complete an appropriate drug- or alcohol-abuse rehabilitation program.

The Board shall take disciplinary action with respect to an employee convicted of a drug offense in the workplace within 30 days after receiving notice of the conviction.

Should District employees be engaged in the performance of work under a federal contract or grant, or under a State contract or grant of $5,000 or more, the Superintendent shall notify the appropriate State or federal agency from which the District receives contract or grant monies of the employee’s conviction within 10 days after receiving notice of the conviction.

Any District employee who suspects or receives knowledge that a student may be an abused or neglected child shall: (1) immediately report or cause a report to be made to the Ill. Dept. of Children and Family Services (DCFS) on its Child Abuse Hotline 1-800-25-ABUSE (1-800-252-2873)(within Illinois); 1-217-524-2606 (outside of Illinois); or 1-800-358-5117 (TTY), and (2) follow directions given by DCFS concerning filing a written report within 48 hours with the nearest DCFS field office. Any District employee who believes a student is in immediate danger of harm, shall first call 911.

The report shall include, if known:

1. The name and address of the child, parent/guardian names, or other persons having custody;
2. The child’s age;
3. The child’s condition, including any evidence of previous injuries or disabilities; and
4. Any other information that the reporter believes may be helpful to DCFS for its investigation.

The employee shall also promptly notify the Superintendent or Building Principal that a report has been made.

Negligent failure to report occurs when a District employee personally observes an instance of suspected child abuse or neglect and reasonably believes, in his or her professional or official capacity, that the instance constitutes an act of child abuse or neglect under the Abused and Neglected Child Reporting Act (ANCRA) and he or she, without willful intent, fails to immediately report or cause a report to be made of the suspected abuse or neglect to DCFS.

Any District employee who discovers child pornography on electronic and information technology equipment shall immediately report it to local law enforcement, the National Center for Missing and Exploited Children’s CyberTipline 1-800-THE-LOST (1-800-843-5678) or online at report.cybertip.org/ or www.missingkids.org. The Superintendent or Building Principal shall also be promptly notified of the discovery and that a report has been made.

Any District employee who observes any act of hazing that does bodily harm to a student must report that act to the Building Principal, Superintendent, or designee who will investigate and take appropriate action. If the hazing results in death or great bodily harm, the employee must first make the report to law enforcement and then to the Superintendent or Building Principal. Hazing is defined as any intentional, knowing, or reckless act directed to or required of a student for the purpose of being initiated into, affiliating with, holding office in, or maintaining membership in any group, organization, club, or athletic team whose members are or include other students.

The Superintendent or designee shall provide staff development opportunities for District employees in the detection, reporting, and prevention of child abuse and neglect.

All District employees shall:

1. Before beginning employment, sign the Acknowledgement of Mandated Reporter Status form provided by DCFS. The Superintendent or designee shall ensure that the signed forms are retained.
2. Complete mandated reporter training as required by law within three months of initial employment and at least every three years after that date.

The Superintendent will encourage all District educators to complete continuing professional development that addresses the traits and identifiers that may be evident in students who are victims of child sexual abuse, including recognizing and reporting child sexual abuse and providing
appropriate follow-up and care for abused students as they return to the classroom setting.

**Alleged Incidents of Sexual Abuse: Investigations**

An *alleged incident of sexual abuse* is an incident of sexual abuse of a child, as defined in 720 ILCS 5/11-9.1A, that is alleged to have been perpetrated by school personnel, including a school vendor or volunteer, that occurred: on school grounds during a school activity; or outside of school grounds or not during a school activity.

If a District employee reports an alleged incident of sexual abuse to DCFS and DCFS accepts the report for investigation, DCFS will refer the matter to the local Children’s Advocacy Center (CAC). The Superintendent or designee will implement procedures to coordinate with the CAC.

DCFS and/or the appropriate law enforcement agency will inform the District when its investigation is complete or has been suspended, as well as the outcome of its investigation. The existence of a DCFS and/or law enforcement investigation will not preclude the District from conducting its own parallel investigation into the alleged incident of sexual abuse in accordance with policy 7:20, *Harassment of Students Prohibited*.

**Special Superintendent Responsibilities**

The Superintendent shall execute the requirements in Board policy 5:150, *Personnel Records*, whenever another school district requests a reference concerning an applicant who is or was a District employee and was the subject of a report made by a District employee to DCFS.

The Superintendent shall notify the State Superintendent and the appropriate Intermediate Educational Service Center in writing when he or she has reasonable cause to believe that a license holder was dismissed or resigned from the District as a result of an act that made a child an abused or neglected child. The Superintendent must make the report within 30 days of the dismissal or resignation and mail a copy of the notification to the license holder.

**Special Board of Education Member Responsibilities**

Each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in ANCRA, direct or cause the Board to direct the Superintendent or other equivalent school administrator to comply with ANCRA’s requirements concerning the reporting of child abuse.

If the Board determines that any District employee, other than an employee licensed under 105 ILCS 5/21B, has willfully or negligently failed to report an instance of suspected child abuse or neglect as required by ANCRA, the Board may dismiss that employee immediately.

5:180 Temporary Illness or Temporary Incapacity

A temporary illness or temporary incapacity is an illness or other capacity of ill-being that renders an employee physically or mentally unable to perform assigned duties. During such a period, the employee can use accumulated sick leave benefits. However, income received from other sources (worker's compensation, District-paid insurance programs, etc.) will be deducted from the District's compensation liability to the employee. The Board of Education's intent is that in no case will the employee, who is temporarily disabled, receive more than 100 percent of their gross salary.

Those insurance plans privately purchased by the employee and to which the District does not contribute, are not applicable to this policy.

If illness, incapacity, or any other condition causes a teacher or other licensed employee to be absent in one school year, after exhaustion of all available leave, for more than 90 consecutive work days, such absence may be considered a permanent disability and the Board may begin dismissal proceedings subject to State and federal law, including the Americans with Disabilities Act. The Superintendent may recommend this paragraph's use when circumstances strongly suggest that the teacher or other licensed employee returned to work intermittently in order to avoid this paragraph's application. This paragraph shall not be considered a limitation on the Board's authority to take any action concerning an employee that is authorized by State and federal law.

Any employee may be required to have an examination, at the District's expense, by a physician who is licensed in Illinois to practice medicine and surgery in all its branches, a licensed advanced practice registered nurse, or a licensed physician assistant if the examination is job-related and consistent with business necessity.

Agreement between Board of Education of Forest Ridge Elementary School District 142 and Support Education Association IEA-NEA.

For employees not covered by these agreements:

Leave Description

Eligible employees may use unpaid family and medical leave, guaranteed by the federal Family and Medical Leave Act, for up to a combined total of 12 weeks during any 12 month period.

Other available paid vacation, personal, or family leave will be substituted for family and medical leave necessitated by birth, adoption/foster care placement, or a family member's serious health condition. Other available paid vacation, personal, or sick leave will be substituted for family and medical leave necessitated by a family member's or employee's own serious health condition. Any substitution required by this policy will count against the employee's family and medical leave entitlement. The District will pay family leave or sick leave only under circumstances permitted by the applicable leave plan. Use of family and medical leave shall not preclude the use of other applicable unpaid leave that will extend the employee's leave beyond 12 weeks, provided that the use of family and medical leave shall not serve to extend such other unpaid leave.

Family and medical leave is available in one or more of the following instances:

1. The birth and first-year care of a son or daughter,
2. The adoption or foster placement of a child,
3. The serious health condition of an employee's spouse, parent, or child, and
4. The employee's own serious health condition.

Employees may take an intermittent or reduced-hour family and medical leave when the reason for the leave is 3 or 4, above, with certain limitations provided by law.

Within 15 calendar days after the Superintendent makes a request, an employee must support a request for a family and medical leave when the reason for the leave is 3 or 4, above, with a certificate completed by the employee's or family member's health care provider. Failure to provide the certification may result in a denial of the leave request.

If both spouses are employed by the District, they may together take only 12-weeks for family and medical leaves when the reason for the leave is 1 or 2, above, or to care for a sick parent.

Eligibility

To be eligible for family and medical leave, an employee must have been employed by the District for at least 12 months (the 12 months need not be consecutive) and have been employed for at least 1,250 hours of service during the 12-month period immediately before the beginning of the leave.

Notice

If possible, employees must provide at least 30 days' notice to the District of the date when a leave is to begin. If 30 days' notice is not practicable, the notice must be given within 2 business days of when the need becomes known to the employee. Employees shall provide at least verbal notice sufficient to
make the District aware that he or she needs a family and medical leave, and the anticipated timing and duration of the leave. Failure to give the required notice may result in a delay in granting the requested leave until at least 30 days after the date the employee provides notice.

Continuation of Health Benefits

During a family and medical leave, employees are entitled to continuation of health benefits that would have been provided if they were working.

Return to Work

An employee returning from a family and medical leave will be given an equivalent position to his or her position before the leave, subject to the District's reassignment policies and practices. Classroom teachers may be required to wait to return to work until the next semester in certain situations as provided by law.

Implementing Procedures

The Superintendent shall develop procedures to implement this policy consistent with the federal Family and Medical Leave Act.

**5:220 Substitute Teachers**

The Superintendent may employ substitute teachers as necessary to replace teachers who are temporarily absent.

A substitute teacher must hold either a valid teaching or substitute license or short-term substitute license and may teach in the place of a licensed teacher who is under contract with the Board of Education. There is no limit on the number of days that a substitute teacher may teach in the District during the school year, except as follows:

1. A substitute teacher holding a substitute license may teach for any one licensed teacher under contract with the District only for a period not to exceed 90 paid school days in any one school term.
2. A teacher holding a Professional Educator License or Educator License with Stipulations may teach for any one licensed teacher under contract with the District only for a period not to exceed 120 paid school days.
3. A short-term substitute teacher holding a short-term substitute teaching license may teach for any one licensed teacher under contract with the District only for a period not to exceed five consecutive school days.

The Illinois Teachers’ Retirement System (TRS) limits a substitute teacher who is a TRS annuitant to substitute teaching for a period not to exceed 120 paid days or 600 paid hours in each school year, but not more than 100 paid days in the same classroom. Beginning July 1, 2020, a substitute teacher who is a TRS annuitant may substitute teach for a period not to exceed 100 paid days or 500 paid hours in any school year, unless the subject area is one where the Regional Superintendent has certified that a personnel shortage exists.

The Board establishes a daily rate of pay for substitute teachers. Substitute teachers receive only monetary compensation for time worked and no other benefits.

**Short-Term Substitute Teachers**

A short-term substitute teacher must hold a valid short-term substitute teaching license and have completed the District’s short-term substitute teacher training program. Short-term substitutes may teach no more than five consecutive school days for each licensed teacher who is under contract with the Board.

**Emergency Situations**

A substitute teacher may teach when no licensed teacher is under contract with the Board if the District has an emergency situation as defined in State law. During an emergency situation, a substitute teacher is limited to 30 calendar days of employment per each vacant position. The Superintendent shall notify the appropriate Intermediate Service Center within five business days after the employment of a substitute teacher in an emergency situation.

Maintaining an orderly learning environment is an essential part of each teacher's instructional responsibilities. A teacher's ability to foster appropriate student behavior is an important factor in the teacher's educational effectiveness. The Superintendent shall ensure that teachers, other certificated employees, and persons providing a student's related service: (1) maintain discipline in the schools as required in the School Code, and (2) follow the School Board policies and administrative procedures on student conduct, behavior, and discipline.

When a student's behavior is unacceptable, the teacher should first discuss the matter with the student, if appropriate. If the unacceptable behavior continues, the teacher should consult with the Building Principal and/or discuss the problem with the parent(s)/guardian(s). A teacher may remove any student from the learning setting whose behavior interferes with the lessons or participation of fellow students. A student's removal must be in accordance with Board policy and administrative procedures.

Teachers shall not use disciplinary methods that may be damaging to students, such as ridicule, sarcasm, or excessive temper displays. Corporal punishment (including slapping, paddling, or prolonged maintenance of a student in physically painful positions, and intentional infliction of bodily harm) may not be used. Teachers may use reasonable force as needed to keep students, school personnel, and others safe, or for self-defense or defense of property.

Please refer to the current Agreement between Board of Education of Forest Ridge Elementary School District 142 and Forest Ridge Education Association.

**Suspension With Pay**

The Board or Superintendent or designee may suspend a professional employee with pay: (1) during an investigation into allegations of disobedience or misconduct whenever the employee’s continued presence in his or her position would not be in the School District’s best interests, (2) as a disciplinary measure for misconduct that is detrimental to the School District as defined above, or (3) pending a Board hearing to suspend a teacher without pay.

The Superintendent shall meet with the professional employee to present the allegations and give the professional employee an opportunity to refute the charges. The professional employee will be told the dates and times the suspension will begin and end.

**Employees Under Investigation by Illinois Dept. of Children and Family Services (DCFS)**

Upon receipt of a DCFS recommendation that the District remove an employee from his or her position when he or she is the subject of a pending DCFS investigation that relates to his or her employment with the District, the Board or Superintendent or designee, in consultation with the Board Attorney, will determine whether to:

5:250 Leaves of Absence

Each of the provisions in this policy applies to all professional personnel to the extent that it does not conflict with an applicable collective bargaining agreement or individual contract; in the event of a conflict, such provision is severable and the applicable bargaining agreement or individual agreement will control.

Sick and Bereavement Leave, Personal Leave, Sabbatical Leave

Please refer to the current Agreement between Board of Education of Forest Ridge Elementary School District 142 and Forest Ridge Education Association.

Child Bereavement Leave

State law allows a maximum of 10 unpaid work days for eligible employees (Family and Medical Leave Act of 1993, 20 U.S.C. §2601 et seq.) to take child bereavement leave. The purpose, requirements, scheduling, and all other terms of the leave are governed by the Child Bereavement Leave Act. Child bereavement leave allows for: (1) attendance by the bereaved staff member at the funeral or alternative to a funeral of his or her child, (2) making arrangements necessitated by the death of the staff member's child, or (3) grieving the death of the staff member's child, without any adverse employment action.

The leave must be completed within 60 days after the date on which the employee received notice of the death of his or her child. However, in the event of the death of more than one child in a 12-month period, an employee is entitled to up to a total of six weeks of bereavement leave during the 12-month period, subject to certain restrictions under State and federal law. Other existing forms of leave may be substituted for the leave provided in the Child Bereavement Leave Act. This policy does not create any right for an employee to take child bereavement leave that is inconsistent with the Child Bereavement Leave Act.

Leave of Absence Without Pay

The Board may grant a leave of absence without pay to tenured professional staff members who have rendered satisfactory service and desire to return to employment in a similar capacity at a time determined by the Board.

Each leave of absence shall be of the shortest possible duration required to meet the leave’s purpose consistent with a reasonable continuity of instruction for students.

Child-Rearing Leave

The Board shall grant a professional staff member's request for a non-paid, child-rearing leave, not to exceed the balance of the school year plus, upon specific approval of the Board, one additional school year, provided the request complies with this policy. Nothing in this section shall prohibit a professional staff member from using paid sick days as provided in this policy.

A teacher should request, if possible, a child-rearing leave by notifying the Superintendent in writing no later than 90 days before the requested leave’s beginning date. The request should include the proposed leave dates. The leave shall end before a new school year begins or before the first day of school after winter recess.

Subject to the insurance carrier's approval, the teacher may maintain insurance benefits at his or her own expense during a child-rearing leave.

A professional staff member desiring to return before the leave's expiration will be assigned to an available vacancy for which the teacher is qualified, subject to scheduling efficiency and instruction
Leaves for Service in the Military

Leaves for service in the U.S. Armed Services or any of its reserve components and the National Guard, as well as re-employment rights, will be granted in accordance with State and federal law. A professional staff member hired to replace one in military service does not acquire tenure.

General Assembly

Leaves for service in the General Assembly, as well as re-employment rights, will be granted in accordance with State and federal law. A professional staff member hired to replace one in the General Assembly does not acquire tenure.

Leave for Employment in Department of Defense

The Board may grant teachers a leave of absence to accept employment in a Dept. of Defense overseas school.

School Visitation Leave

An eligible professional staff member is entitled to eight hours during any school year, no more than four hours of which may be taken on any given day, to attend school conferences, behavioral meetings, or academic meetings related to the teacher’s child, if the conference or meeting cannot be scheduled during non-work hours. Professional staff members must first use all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the professional staff member, except sick, and disability leave.

The Superintendent shall develop administrative procedures implementing this policy consistent with the School Visitation Rights Act.

Leaves for Victims of Domestic Violence, Sexual Violence, or Gender Violence

An unpaid leave from work is available to any staff member who: (1) is a victim of domestic violence, sexual violence, or gender violence, or (2) has a family or household member who is a victim of such violence whose interests are not adverse to the employee as it relates to the domestic violence, sexual violence, or gender violence. The unpaid leave allows the employee to seek medical help, legal assistance, counseling, safety planning, and other assistance without suffering adverse employment action.

The Victims' Economic Security and Safety Act governs the purpose, requirements, scheduling, and continuity of benefits, and all other terms of the leave. Accordingly, if the District employs at least 50 employees, an employee is entitled to a total of 12 work weeks of unpaid leave during any 12-month period. Neither the law nor this policy creates a right for an employee to take unpaid leave that exceeds the unpaid leave time allowed under, or is in addition to the unpaid leave time permitted by, the federal Family and Medical Leave Act of 1993 (29 U.S.C. §2601 et seq.).

Leaves to Serve as an Officer or Trustee of a Specific Organization

Upon request, the Board will grant: (1) an unpaid leave of absence to a teacher who is elected to serve as an officer of a State or national teacher organization that represents teachers in collective bargaining negotiations, (2) twenty days of paid leave of absence per year to a trustee of the Teachers' Retirement System to attend meetings and seminars as described in 105 ILCS 5/24-6.3, and (3) a paid leave of absence for the local association president of a State teacher association that is an exclusive bargaining agent in the District, or his or her designee, to attend meetings, workshops, or seminars as described in 105 ILCS 5/24-6.2.
Long-Term Parental Leave, Professional Leave for Conferences, Other Leaves

Please refer to the current Agreement between Board of Education of Forest Ridge Elementary School District 142 and Forest Ridge Education Association.

Leave to Serve as an Election Judge

Any staff member who was appointed to serve as an election judge under State law may, after giving at least 20-days' written notice to the District, be absent without pay for the purpose of serving as an election judge. The staff member is not required to use any form of paid leave to serve as an election judge. No more than 10% of the District's employees may be absent to serve as election judges on the same Election Day.

5:272 Retirement Benefits for Non-Certified Personnel (Not Covered by Collective Bargaining Agreement)

The Board of Education desires to recognize the important service that the non-certified staff provides to the District and to provide special recognition to those staff members who have served the District for twenty or more consecutive years. Accordingly, upon recommendation of the Superintendent, the Board of Education may provide one or more of the following benefits to those non-certified staff members who retire from public employment after twenty or more consecutive years of service with the District and submits an irrevocable letter of intent to retire to the Board of Education for their consideration by September 1st of the year of retirement:

A. Salary increase not to exceed 6% total.

NOTHING IN THIS POLICY IS INTENDED TO CREATE ANY CONTRACTUAL RIGHT TO RECEIPT OF ANY RETIREMENT BENEFIT AND THE BOARD RESERVES THE RIGHT TO EITHER GRANT OR NOT GRANT A RETIREMENT BENEFIT.

5:280 Duties and Qualifications

All support staff: (1) must meet qualifications specified in job descriptions, (2) must be able to perform the essential tasks listed and/or assigned, and (3) are subject to School Board policies as they may be changed from time-to-time at the Board's sole discretion.

Paraprofessionals

Paraprofessionals provide supervised instructional support. Service as a paraprofessional requires an educator license with stipulations endorsed for a paraprofessional educator unless a specific exemption is authorized by the Illinois State Board of Education (ISBE).

Individuals with only non-instructional duties (e.g., providing technical support for computers, providing personal care services, or performing clerical duties) are not paraprofessionals, and the requirements in this section do not apply. In addition, individuals completing their clinical experiences and/or student teaching do not need to comply with this section, provided their service otherwise complies with ISBE rules.

Noncertificated and Unlicensed Personnel Working with Students and Performing Non-Instructional Duties

Noncertificated and unlicensed personnel performing non-instructional duties may be used:

1. For supervising study halls, long distance teaching reception areas used incident to instructional programs transmitted by electronic media, e.g., computers, video, and audio, detention and discipline areas, and school-sponsored extracurricular activities;
2. As supervisors, chaperones, or sponsors for non-academic school activities; or

Nothing in this policy prevents a noncertificated person from serving as a guest lecturer or resource person under a certificated teacher's direction and with the administration's approval.

Coaches

Regardless of whether the athletic activity is governed by an association, the Superintendent or designee shall ensure that each athletic coach: (1) is knowledgeable regarding coaching principles, (2) has first aid training, and (3) is a trained Automatic External Defibrillator user according to rules adopted by the Illinois Department of Public Health.

Non-RIF Dismissal

The District may terminate an at-will employee at any time for any reason, subject to State and federal law.

Employees who are employed annually or have a contract, or who otherwise have a legitimate expectation of continued employment, may be dismissed: (1) at the end of the school year or at the end of their respective contract after being provided appropriate notice and after compliance with any applicable contractual provisions, or (2) mid-year or mid-contract provided appropriate due process procedures are provided.

The Superintendent is responsible for making dismissal recommendations to the School Board consistent with the Board’s goal of having a highly qualified, high performing staff. For employees not covered by this agreement:

The Board may, as necessary or prudent, decide to decrease the number of educational support personnel or to discontinue some particular type of educational support service and, as a result of that action, dismiss or reduce the hours of one or more educational support employees. When making decisions concerning reduction in force and recall, the Board will follow Sections 10-22.34c (outsourcing non-instructional services) and 10-23.5 (procedures) of the School Code, to the extent they are applicable and not superseded by legislation or an applicable collective bargaining agreement.

Final Paycheck

A terminating employee’s final paycheck will be adjusted for any unused, earned vacation credit. Employees are paid for all earned vacation. Terminating employees will receive their final pay on the next regular payday following the date of termination, except that an employee dismissed due to a reduction in force shall receive his or her final paycheck on or before the next regular pay date following the last day of employment.

Upon receipt of a recommendation from the Ill. Dept. Children and Family Services (DCFS) that the District remove an employee from his or her position when he or she is the subject of a pending DCFS investigation that relates to his or her employment with the District, the Board or Superintendent or designee, in consultation with the Board Attorney, will determine whether to:

5:310 Compensatory Time-Off

Please refer to the current Agreement between Board of Education of Forest Ridge Elementary School District 142 and Support Education Association IEA-NEA.

For employees not covered by this agreement:

This policy governs the use of compensatory time-off by employees who: (1) are covered by the overtime provisions of the Fair Labor Standards Act, 29 U.S.C. §201 et seq., and (2) are not represented by an exclusive bargaining representative.

Employees may be given 1-1/2 hours of compensatory time-off in lieu of cash payment for each hour of overtime worked. Other than as provided below, at no time may an employee’s accumulated compensatory time-off exceed 240 hours, which represents compensation for 160 hours of overtime. An employee whose work regularly includes public safety, emergency response, or seasonal activities may accumulate a maximum of 480 hours of compensatory time, which represents compensation for 320 hours of overtime. If an employee accrues the maximum number of compensatory time-off hours, the employee: (1) is paid for any additional overtime hours worked, at the rate of one and one-half times the employee’s regular hourly rate of pay, and (2) does not accumulate compensatory time-off until the employee uses an equal amount of accrued time-off.

An employee who has accrued compensatory time-off shall be permitted to use such time in at least half-day components provided such requests do not unduly disrupt the District’s operations. The employee’s supervisor must approve a request to use compensatory time-off.

Upon termination of employment, an employee will be paid for unused compensatory time at the higher of:

1. The average regular rate received by such employee during the last three years of employment;
   or
2. The final regular rate received by such employee.

Compensatory time-off is time during which the employee is not working and is, therefore, not counted as "hours worked" for purposes of overtime compensation.

Implementation

The Superintendent or designee shall implement this policy in accordance with the FLSA. In the event of a conflict between the policy and the FLSA, the latter shall control.

According to the Illinois General Assembly, the primary purpose of schooling is the transmission of knowledge and culture through which students learn in areas necessary to their continuing development and entry into the world of work. To fulfill that purpose, the Ill. State Board of Education (ISBE) prepared State Goals for Learning with accompanying Illinois Learning Standards.

The Board of Education gives priority in the allocation of resources, including funds, time, personnel, and facilities, to fulfilling this purpose.

**Quality Assurance**

The Board continuously monitors student achievement and the quality of the District's work. The Superintendent shall supervise the following quality assurance components, in accordance with State law and ISBE rules, and continuously keep the Board informed:

1. Prepare each school's annual recognition application and quality assurance appraisal, whether internal or external, to assess each school's continuous school improvement.
2. Continuously assess the District's and each school's overall performance in terms of both academic success and equity. This includes, without limitation, a thorough analysis of ISBE's balanced accountability measure and each school's Multiple Measure Index and corresponding Annual Measurable Objective provided by ISBE.
3. If applicable, develop District and School Improvement Plans, present them for Board approval, and supervise their implementation.
4. Prepare a school report card, present it at a regular Board meeting, and disseminate it as provided in State law.
5. In accordance with 105 ILCS 5/2-3.153, annually administer a climate survey on the instructional environment within the school to, at minimum, students in grades 4 through 8 and teachers.

The Superintendent shall make regular assessment reports to the Board, including projections whether the District and each school is or will be making adequate yearly progress as defined in State law. The Superintendent shall seek Board approval for each District and/or school improvement plan and otherwise when necessary or advisable.

Belief Statement

The Board of Education of Forest Ridge School District 142 is committed to providing a learning environment that supports and promotes wellness, good nutrition, and an active lifestyle and recognizes the positive relationship between good nutrition, physical activity and the capacity of students to develop and learn. The entire school environment shall be aligned with healthy school goals to positively influence students' beliefs and habits and promote health and wellness, good nutrition and regular physical activity. In addition, school staff shall be encouraged to model healthy eating and physical activity as a valuable part of daily life.

Intent

The purpose of this policy is to ensure a total school environment that promotes and supports student health and wellness, helps to reduce childhood obesity and meets the requirements of the Child Nutrition and WIC Reauthorization Act of 2004 and the Illinois School Code, including, without limitation, goals for nutrition education, physical activity and other school-based activities designed to promote student wellness; nutrition guidelines for all foods available during the school day; a plan for measuring implementation including designating one or more persons charged with operational responsibility; and involving parents, students, school food service providers, the school board, school administrators, and the public in developing this policy.

Rationale

A disturbing number of children are inactive and do not eat well. The result is the percentage of children, aged 6 to 11 years old in the United States, who are obese has increased from 7% in 1980 to nearly 18% in 2012. The percentage of adolescents aged 12 to 19 who are obese increased from 5% to nearly 21% over the same period. The immediate health effects of childhood obesity are cardiovascular disease, pre-diabetes, bone and joint problems, sleep apnea, and social and psychological problems such as stigmatization and poor self-esteem. Schools play a particularly critical role in combating childhood obesity by establishing a safe and supportive environment with policies and practices that support healthy behaviors. Schools also provide opportunities for students to learn about and practice healthy eating and physical activity behaviors. Congress passed the Child Nutrition and WIC Reauthorization Act of 2004 on June 30, 2004. This law requires local education agencies participating in a program authorized by the National School Lunch Act or the Child Nutrition Act of 1966 to develop a local wellness policy. The objectives of the wellness policy are to improve the school nutrition environment, promote student health and reduce childhood obesity. In addition, Public Act 094-0199 amends the Illinois School Code, requiring the Illinois State Board of Education to establish a state goal that all districts have a wellness policy.

The link between nutrition and learning is well documented. Healthy eating patterns are essential for students to achieve their full academic potential, full physical and mental growth and lifelong health and well-being. Healthy eating is demonstrably linked to reduced risk for mortality and development of many chronic diseases. Schools and school communities have a responsibility to help students acquire the knowledge and skills necessary to establish and maintain lifelong healthy eating patterns. Well-planned and well-implemented wellness programs have been shown to positively influence children's health.

Schools also have a responsibility to help students establish and maintain lifelong habits of being physically active. According to the U.S. Surgeon General, regular physical activity is one of the most important things people can do to maintain and improve their physical health, mental health, and overall well-being. Regular physical activity reduces the risk of premature death in general and of heart disease, high blood pressure, colon cancer, and diabetes.

Goals For Nutrition Education And Nutrition Promotion
Students in preschool through grade 12 shall receive nutrition education as part of a sequential program that is coordinated within a comprehensive health education curriculum. The program shall be designed to provide students with the knowledge and skills necessary to adopt healthy eating behaviors and aimed at influencing students' knowledge, attitudes and eating habits. Special emphasis should be placed on nutrition education in preschool through primary grades as eating habits are established at a young age. The curriculum shall be consistent with and incorporate relevant Illinois Learning Standards.

To maximize classroom time and to achieve positive changes in students' eating behaviors, nutrition education shall be integrated into the standards-based lesson plans of other school subjects like math, science, language arts, physical education, health, family and consumer science and social sciences.

To achieve positive changes in students' eating behaviors, it is recommended that nutrition education opportunities be provided to students each year. They may include a combination of classroom instruction; nutrition education provided in the cafeteria; or health fairs, field trips and assemblies providing nutrition education.

The nutrition education program shall include enjoyable interactive activities such as contests, promotions, field trips and school gardens.

GOALS FOR PHYSICAL ACTIVITY

Students in preschool through grade 12 shall participate in daily physical education that enables them to achieve and maintain a high level of personal fitness; emphasizes self-management skills including energy balance (calories in minus calories out); is consistent with state/district's standards/guidelines/framework; and is coordinated within a comprehensive health education curriculum. The curriculum shall be consistent with and incorporate relevant Illinois Learning Standards.

Elementary students participate in physical education for a minimum of 90 minutes per week, and middle school students participate for a minimum of 195 minutes per week. Special emphasis should be placed on promoting an active lifestyle in preschool through primary grades as health habits are established at a young age. Accommodations shall be made for students with disabilities, 504 plans, and other limitations.

Schools shall provide a daily supervised recess period to elementary students.

Students shall be provided opportunities for physical activity through a range of before- and after-school programs including intramurals, interscholastic athletics, and physical activity clubs (i.e. walking club, jump rope club, and aerobics club).

Because students should engage in a minimum of 60 minutes of physical activity a day, the physical education program shall actively engage families as partners in providing physical activity beyond the school day.

GOALS FOR OTHER SCHOOL-BASED ACTIVITIES DESIGNED TO PROMOTE STUDENT WELLNESS

Parent Partnerships

Schools shall support parents’ efforts to provide a healthy diet and daily physical activity for their children. This support shall begin in elementary school and continue through middle school.

Parents shall be provided information to help them incorporate healthy eating and physical activity into their student's lives. This information may be provided in the form of handouts, postings on the school/district website, information provided in school/district newsletters, presentations that focus on nutrition and healthy lifestyles and any other appropriate means available for reaching parents.

Consistent School Activities and Environment - Healthy Eating
• It is recommended that food providers share information about the nutritional content of school meals and/or individually sold foods with students, family and school staff.

• School meals shall be served in clean, safe and pleasant settings with adequate time provided for students to eat, at a minimum, in accordance with state and federal standards and guidelines. The National Association of State Boards of Education recommends that students have adequate time to eat, relax and socialize: at least 20 minutes after sitting down for lunch.

• All food service personnel shall have adequate pre-service training and regularly participate in professional development activities that provide strategies for providing tasty, appealing and healthy school meals.

• **Staff Qualifications and Professional Development** – All school nutrition program directors, managers, and staff will meet or exceed hiring and annual continuing education/training requirements in the USDA Professional Standards for Child Nutrition Professionals. These school nutrition personnel will refer to the USDA’s Professional Standards for School Nutrition Standards’ website to search for training that meets their learning needs.

• Food providers shall involve families, students and other school personnel in choosing nutritious food and beverage selections for their local schools through surveys, committees, taste-testing and similar activities designed to provide input into the decision-making process.

• Food providers shall work with suppliers to obtain foods and beverages that meet the nutrition requirements of school meals and nutrition standards for those sold individually.

• Food providers shall take every measure to ensure that student access to foods and beverages on school campuses meets federal, state and local laws and guidelines.

• In order to promote a healthy lifestyle and ensure the safety of our Forest Ridge Elementary School District 142 students, no food is to be brought in for students during the school day to share with other students. This includes, but is not limited to, events such as classroom parties, birthday celebrations, or other celebrations. **In the event there is an exception granted by the Superintendent of Schools or his/her designee, a parent permission slip will be required to be completed in order for a student to consume the food.** As alternate options, students may bring in non-food items such as stickers, pencils, etc., and/or they may donate a book in their name to the classroom library. Alternative “movement break” activities can be done in the classroom to help celebrate special occasions, such as, but not limited to, a classroom game, dance party, or extra recess.

School-based organizations may not raise funds through the sale of food items that do not meet the USDA nutritional requirements, but are encouraged to raise funds through the sale items other than food. (See Attachment A for additional non-food fundraising alternatives.)

• **Fundraisers** – only food items that meet the USDA Smart Snacks in Schools nutrition requirements (below) may be sold at fundraisers.

Foods that do **not** meet these standards may only be sold:
- In the evenings; 30 minutes after the end of the school day,
- On weekends,
- Off-campus

**Food and Beverage Marketing in Schools** – It is the intent of the District to protect and promote students’ health by permitting advertising and marketing on school grounds for only those foods and beverages that are permitted to be sold on the school campus, consistent with the District’s Wellness Policy. Food advertising and marketing is defined as any oral, written, or graphic statements made by the producer, manufacturer, seller, or any other entity with a commercial interest in the product. This includes, but is not limited to:
- Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container,
- Corporate brand, logo, name, or trademark on school equipment, such as marquees,
message boards, scoreboards, backboards, or uniforms,

  ○ All foods and beverages made available on campus shall comply with the federal, state and local food safety and sanitation regulations.
  ○ For the safety and security of food, access to any area involved in storage, preparation or service of food on the school campus shall be limited to authorized personnel.

**Consistent School Activities and Environment -Physical Activity**

- Physical education shall be provided by trained and well-supported staff, certified by the state to teach physical education.
- Physical education classes shall have a student to teacher ratio comparable to those in other curricular areas.
- The physical education program shall be closely coordinated with the other components of the overall school health program. Physical education topics shall be integrated within other curricular areas. In particular, the benefits of being physically active shall be linked with instruction about human growth, development, and physiology in science classes and with instruction about personal health behaviors in health education class.
- Schools are encouraged to limit extended periods of inactivity. When activities such as mandatory testing make it necessary for students to be inactive for long periods of time, it is recommended that schools give students periodic breaks during which they are encouraged to stand and be moderately active.
- Schools are encouraged to develop community partnerships with other child-serving organizations such as park districts to provide students with opportunities to be active.
- Schools are encouraged to provide student and community access to and promote use of the school's physical activity facilities outside of the normal school day.

**Physical Activity as a Reward**

- School personnel shall use nonfood incentives or rewards with students. (Attachment B) School personnel shall not use physical activity as a punishment or withhold participation in recess or physical education class as a punishment.

**Nutrition Guidelines for All Foods and Beverages Available on School Campuses During the School Day**

The School District will not be responsible for any unauthorized charges or fees resulting from use of its electronic resources.

The School District has adopted this Acceptable Use Policy ("Policy") to set guidelines for accessing the School District's electronic resources, including the computer network or the Internet service provided by the School District. Every year, students and employees who want access to electronic resources, including but not limited to the computer network and Internet for that upcoming school year need to sign and submit this Policy to the School Site Principal. Students who are under 18 years also must have their parents or guardians sign this Policy. By signing this agreement, the student, employee, and parent or guardian agree to follow the rules set forth in this Policy and to report any misuse of electronic resources, including but not limited to the computer network or the Internet to a teacher or supervisor. Parties agreeing to this policy also understand that the School District may revise the Acceptable Use Policy as it deems necessary. The School District will provide notice of any changes wither by posting such a revised version of the Policy on its website or by providing written notice to the students, employees and parents or guardians.

The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. Internet Safety

In compliance with the Children's Internet Protection Act ("CIPA"), the School District will implement filtering and/or blocking software to restrict the access to Internet sites containing child pornography, obscene depictions, or other materials harmful to minors under 18 years of age. The software will work by scanning for objectionable words or concepts, as determined by the School District. [NOTE: CIPA does not enumerate any actual words or concepts that should be filtered or blocked. Thus, CIPA necessarily requires that the School District determine which words or concepts are objectionable.] However, no software is foolproof, and there is still a risk an Internet user may be exposed to a site containing such materials. An Account user who incidentally connects to such a site must immediately disconnect from the site and notify the system administrator, a teacher or supervisor. If an account user sees another user is accessing inappropriate sites, he or she should notify the system administrator, a teacher or supervisor immediately.

In compliance with CIPA, the School District and its representatives will implement a mechanism to monitor all minors' on-line activities, including website browsing, email use, chat room participation and other forms of electronic communications. Such a mechanism may lead to discovery a user has violated or may be violating this Policy, the appropriate disciplinary code or the law. In such an instance, the School District shall take any necessary action to enforce the appropriate disciplinary code or the law. Monitoring is aimed to protect minors from accessing inappropriate matter, as well as help enforce this policy, on the Internet, as determined by the school board, local educational agency, or other related authority. The School District reserves the right to monitor other users' (e.g., employees, students 17 years or older) online activities; to access review, copy, store or delete any electronic communications or files and disclose them to others as it deems necessary; and to enforce appropriate and applicable disciplinary provisions for employees and/or students who violate School Board Policies, ordinances, state and/or federal laws.

If a student under the age of eighteen accesses his/her account or the internet outside of school, a parent or legal guardian must supervise the student's use of the Account or Internet at all times and is completely responsible for monitoring the use. Filtering and/or blocking software may or may not be
employed to screen home access to the Internet. Parents and legal guardians should inquire at the school or district if they desire more detailed information about the software.

Student information shall not be posted unless it is necessary to receive information for instructional purposes, and only if the student's teacher and parent or guardian has granted permission.

Account users shall not reveal on the Internet personal information about themselves or about other persons. For example, an Account user should not reveal their full names, home addresses, telephone numbers, school addresses, or parents' names on the Internet.

Account users shall not meet in person anyone they have met on the Internet in a secluded place or a private setting. Account users who are under the age of 18 shall not meet in person anyone they have met on the Internet without their parent's permission.

Account users will abide by all school district security policies.

Privacy Policy

The system administrator has the authority to monitor all electronic resources, including all Accounts, e-mail and other materials transmitted or received via the School District's electronic resources. All such materials are the property of the School District. Account users do not have any right to or expectation of privacy regarding such materials. District users should assume that you have no privacy when using all school district electronic resources.

Storage Capacity

To ensure that those utilizing electronic resources remain within the allocated disk space, users with email accounts should check their email frequently and delete unwanted messages and other files or data that take up excessive storage space. The system administrator will also routinely delete messages from account users' inbound and outbound log files, messages saved to the archive folders on the system, and messages posted to the School District's web site.

Penalties for Improper Use

The use of the School District's electronic resources is a privilege, not a right, and inappropriate use will result in the restriction or cancellation of use of School District electronic resources, including any Accounts. Inappropriate use may lead to any disciplinary and/or legal action, including but not limited to suspension or expulsion or dismissal from employment from the School District, or criminal prosecution by government authorities. The School District will attempt to tailor any disciplinary action to meet the specific concerns related to each violation.

7:30 Student Assignment and Intra-District Transfer

Attendance Areas

The School District is divided into school attendance areas. The Superintendent will review the boundary lines annually and recommend any changes to the Board of Education. The Superintendent or designee shall maintain a map of the District showing current school attendance areas. Students living in a given school attendance area will be assigned to that school. Homeless children shall be assigned according to Board policy 6:140, *Education of Homeless Children*.

Transfers Within the District

A student's parent(s)/guardian(s) may request a transfer for their child to a District school other than the one assigned. A request should be directed to the Superintendent, who, at his or her sole discretion, may grant the request when the parent(s)/guardian(s) demonstrate that the student could be better accommodated at another school, provided space is available. If a request is granted, the parent/guardian shall be responsible for transportation. The provisions in this section have no applicability to transfers pursuant to the Unsafe School Choice Option covered in Board policy 4:170, *Safety*.

Class Assignments

The Superintendent or designee shall assign students to classes.

Part-Time Attendance

The District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the principal of the school in the school attendance area where the student resides. All requests for attendance in the following school year must be submitted before May 1.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for partial enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes to or from a point on the route nearest or most easily accessible to the nonpublic school or student's home. This transportation shall be on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent(s)/guardian(s).

Students with a Disability

The District accepts for part-time attendance those children for whom it has been determined that special education services are needed, are enrolled in nonpublic schools, and otherwise qualify for enrollment in the District. Requests must be submitted by the student's parent/guardian. Special educational services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individualized educational program on the basis of the child's disabling condition or as the special education program location may require.

Extracurricular Activities, Including Interscholastic Competition

Nonpublic students, regardless of whether they attend a District school part-time, will not be allowed to participate in extracurricular activities.

Assignment When Enrolling Full-Time in a District School

Grade placement by, and academic credits earned at, a nonpublic school will be accepted if the school has a Certificate of Nonpublic School Recognition from the Illinois State Board of Education, or, if outside Illinois, if the school is accredited by the state agency governing education.

A student who, after receiving instruction in a non-recognized or non-accredited school, enrolls in the District will: (1) be assigned to a grade level according to academic proficiency, and/or (2) have academic credits recognized by the District if the student demonstrates appropriate academic proficiency to the school administration. Any portion of a student's transcript relating to such instruction will not be considered for placement on the honor roll or computation in class rank.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District. All school and class assignments will be made according to School Board policy 7:30, Student Assignment, as well as administrative procedures implementing this policy.

Age

To be eligible for admission, a child must be five years old on or before September 1 of that school term. Children who enter first grade must be six years of age on or before September 1 of that school year. Based upon an assessment of a child’s readiness to attend school, the District may permit him or her to attend school prior to these dates. A child will also be allowed to attend first grade based upon an assessment of his or her readiness if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be six years old on or before December 31. A child with exceptional needs who qualifies for special education services is eligible for admission at three years of age. Early entrance to kindergarten or first grade may also be available through Board policy 6:135, Accelerated Placement Program.

Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent.

Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student's birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing, the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Building Principal shall immediately notify the local law enforcement agency and shall also notify the person enrolling the student in writing that, unless he or she complies within 10 days, the case shall be referred to the local law enforcement authority for investigation. If compliance is not obtained within that 10-day period, the Principal shall so refer the case. The Principal shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.

2. Proof of residence, as required by Board of Education policy 7:60, Residence.

3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board of Education policy 7:100, Health and Dental Examinations, Immunizations, and Exclusion of Students.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U. S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required for enrollment. Board policy 6:140, Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children.

Student Transfers To and From Non-District Schools
A student may transfer into or out of the District according to State law and procedures developed by the Superintendent or designee. A student seeking to transfer into the District must serve the entire term of any suspension or expulsion, imposed for any reason by any public or private school, in this or any other state, before being admitted into the School District.

Resident Students

Only students who are residents of the District may attend a District school except as provided below or in State law. A student's residence is the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or Power of Attorney stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Admission of Nonresident Students Pursuant to an Agreement or Order

Non-resident students may attend District schools tuition-free whenever any State or federal law or a court order mandates the acceptance of a non-resident student.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce records normally required to establish residency. Board of Education policy 6:140, Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student's Residence Status

If the Superintendent or designee determines that a non-resident student is attending a District school, he or she on behalf of the Board shall notify the person who enrolled the student of the tuition amount that is due and immediately begin proceedings to ban the student from future attendance. The notice shall detail the specific reasons why the Board believes that the student is a nonresident of the District and shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by the School Code, 105 ILCS 5/10-20.12b.

**Compulsory School Attendance**

This policy applies to individuals who have custody or control of a child: (a) between the ages of six (on or before September 1) and 17 years (unless the child has graduated from high school), or (b) who is enrolled in any of grades kindergarten through 8 in the public school regardless of age. Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, and (5) any child absent because his or her religion forbids secular activity on a particular day.

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student’s absence. A valid cause for absence includes illness, observance of a religious holiday, death in the immediate family, family emergency, other situations beyond the control of the student, other circumstances that cause reasonable concern to the parent/guardian for the student’s safety or health, or other reason as approved by the Superintendent or designee.

**Absenteeism and Truancy Program**

The Superintendent or designee shall manage an absenteeism and truancy program in accordance with the School Code and Board of Education policy. The program shall include but not be limited to:

1. A protocol for excusing a student from attendance who is necessarily and lawfully employed. The Superintendent or designee is authorized to determine when the student’s absence is justified.
2. A protocol for excusing a student in grades 6 through 8 from attendance to sound *Taps* at a military honors funeral held in Illinois for a deceased veteran.
3. A protocol for excusing a student from attendance on a particular day(s) or at a particular time of day when his/her parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings.
4. A process to telephone, within two hours after the first class, the parents/guardians of students in grade 8 or below who are absent without prior parent/guardian notification.
5. A process to identify and track students who are truants, chronic or habitual truants, or truant minors as defined in the School Code, Section 26-2a.
6. A description of diagnostic procedures for identifying the cause(s) of a student’s unexcused absenteeism, including interviews with the student, his or her parent(s)/guardian(s), and staff members or other people who may have information about the reasons for the student’s attendance problem.
7. The identification of supportive services that may be offered to truant, chronically truant, or chronically absent students, including parent-teacher conferences, student and/or family counseling, or information about community agency services. See Board policy 6:110, *Programs for Students At Risk of Academic Failure and/or Dropping Out of School and Graduation Incentives Program*.
8. Reasonable efforts to provide ongoing professional development to teachers, administrators, Board members, school resource officers, and staff on the appropriate and available supportive services for the promotion of student attendance and engagement.
9. A process to request the assistance and resources of outside agencies, such as, the juvenile officer of the local police department or the truant office of the appropriate Intermediate Service
Center, if truancy continues after supportive services have been offered.

10. A protocol for cooperating with non-District agencies including County or municipal authorities, the appropriate Intermediate Service Center, truant officers, the Community Truancy Review Board, and a comprehensive community based youth service agency. Any disclosure of school student records must be consistent with Board policy 7:340, Student Records, as well as State and federal law concerning school student records.

11. An acknowledgement that no punitive action, including out-of-school suspensions, expulsions, or court action, shall be taken against a truant minor for his or her truancy unless available supportive services and other school resources have been provided to the student.

12. The criteria to determine whether a student’s non-attendance is due to extraordinary circumstances shall include economic or medical necessity or family hardship and such other criteria that the Superintendent believes qualifies.

7:100 Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students

Required Health Examinations and Immunizations

A student's parent(s)/guardian(s) shall present proof that the student received a health examination, with proof of the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health (IDPH), within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth grade; and
3. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

Proof of immunization against meningococcal disease is required for students in grade 6.

As required by State law:

1. The required health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening is a required part of each health examination; diabetes testing is not required.
3. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.
4. Before admission and in conjunction with required physical examinations, parent(s)/guardian(s) of children between the ages of one and seven years must provide a statement from a physician that their child was risk-assessed or screened for lead poisoning.
5. The IDPH will provide all students entering sixth grade and their parent(s)/guardian(s) information about the link between human papillomavirus (HPV) and HPV-related cancers and the availability of the HPV vaccine.
6. The District will provide informational materials regarding influenza, influenza vaccinations, meningococcal disease, and meningococcal vaccinations developed, provided, or approved by the IDPH when it provides information on immunizations, infectious diseases, medications, or other school health issues to students’ parent(s)/guardian(s).

Unless an exemption or extension applies, the failure to comply with the above requirements by the first day of school of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who register after the first day of school of the current school year shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by the first day of school, the student must present, by the first day of school, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

A student transferring from out-of-state who does not have the required proof of immunizations by the first day of school may attend classes only if he or she has proof that an appointment for the required vaccinations is scheduled with a party authorized to submit proof of the required vaccinations. If the
required proof of vaccination is not submitted within 30 days after the student is permitted to attend classes, the student may no longer attend classes until proof of the vaccinations is properly submitted.

**Eye Examination**

Parent(s)/guardian(s) are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parent(s)/guardian(s) of students entering kindergarten or an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of kindergarten or the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days. The Superintendent or designee shall ensure that parent(s)/guardian(s) are notified of this eye examination requirement in compliance with the rules of the IDPH. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

**Dental Examination**

All children in kindergarten and the second and sixth grades must present proof of having been examined by a licensed dentist before May 15 of the current school year in accordance with rules adopted by the IDPH.

If a child in the second or sixth grade fails to present proof by May 15, the school may hold the child's report card until the child presents proof: (1) of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15. The Superintendent or designee shall ensure that parent(s)/guardian(s) are notified of this dental examination requirement at least 60 days before May 15 of each school year.

**Exemptions**

In accordance with rules adopted by the IDPH, a student will be exempted from this policy's requirements for:

1. Religious grounds, if the student’s parent(s)/guardian(s) present the IDPH’s Certificate of Religious Exemption form to the Superintendent or designee. When a Certificate of Religious Exemption form is presented, the Superintendent or designee shall immediately inform the parent(s)/guardian(s) of exclusion procedures pursuant to Board policy 7:280, *Communicable and Chronic Infectious Disease* and State rules if there is an outbreak of one or more diseases from which the student is not protected.

2. Health examination or immunization requirements on medical grounds, if the examining physician, advanced registered practice nurse, or physician assistant provides written verification.

3. Eye examination requirement, if the student’s parent(s)/guardian(s) show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist.

4. Dental examination requirement, if the student’s parent(s)/guardian(s) show an undue burden or a lack of access to a dentist.

7:140 Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, technology devices, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the District's student conduct rules. The search itself must be conducted in a manner that is reasonably related to its objective and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search, and given to the Superintendent.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the District's policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Notification Regarding Student Accounts or Profiles on Social Networking Websites

The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75/:

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Bullying, intimidation, and harassment diminish a student’s ability to learn and a school’s ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

Definitions from Section 105 ILCS 5/27-23.7

Bullying includes cyberbullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student’s or students’ person or property;
2. Causing a substantially detrimental effect on the student’s or students’ physical or mental health;
3. Substantially interfering with the student’s or students’ academic performance; or
4. Substantially interfering with the student’s or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline,
such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students’ behavioral health needs in order to keep students in school.

*School personnel* means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

**Bullying Prevention and Response Plan**

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District’s goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the following requirements:

1. Using the definition of *bullying* as provided in this policy, the Superintendent or designee shall emphasize to the school community that: (1) the District prohibits bullying, and (2) all students should conduct themselves with a proper regard for the rights and welfare of other students. This may include a process for commending or acknowledging students for demonstrating appropriate behavior.

2. Bullying is contrary to State law and the policy of this District. However, nothing in the District’s bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution or under Section 3 of Article I of the Illinois Constitution.

3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District named officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted.

4. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform parent(s)/guardian(s) of all students involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:

   a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of the incident of bullying was received and taking into consideration additional relevant information received during the course of the investigation about the reported incident of bullying.

   c. Notifying the Building Principal or school administrator or designee of the report of the incident of bullying as soon as possible after the report is received.

   d. Consistent with federal and State laws and rules governing student privacy rights, providing parents and guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

The Superintendent or designee shall investigate whether a reported act of bullying is within the permissible scope of the District’s jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

6. The Superintendent or designee shall use interventions to address bullying, which may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

7. A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

8. A student will not be punished for reporting bullying or supplying information, even if the District’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

9. The District’s bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.

10. The Superintendent or designee shall post this policy on the District’s website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.

11. The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy’s outcomes and effectiveness. This process shall include, without limitation:

   a. The frequency of victimization;
b. Student, staff, and family observations of safety at a school;
c. Identification of areas of a school where bullying occurs;
d. The types of bullying utilized; and
e. Bystander intervention or participation.

The evaluation process may use relevant data and information that the District already collects for other purposes. The Superintendent or designee must post the information developed as a result of the policy evaluation on the District’s website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students.

12. The Superintendent or designee shall fully implement the Board policies, including without limitation, the following:
   a. 2:260, Uniform Grievance Procedure. A student may use this policy to complain about bullying.
   b. 6:60, Curriculum Content. Bullying prevention and character instruction is provided in all grades in accordance with State law.
   c. 6:65, Student Social and Emotional Development. Student social and emotional development is incorporated into the District’s educational program as required by State law.
   d. 6:235, Access to Electronic Networks. This policy states that the use of the District’s electronic networks is limited to: (1) support of education and/or research, or (2) a legitimate business use.
   e. 7:20, Harassment of Students Prohibited. This policy prohibits any person from harassing, intimidating, or bullying a student based on an identified actual or perceived characteristic (the list of characteristics in 7:20 is the same as the list in this policy).
   f. 7:185, Teen Dating Violence Prohibited. This policy prohibits teen dating violence on school property, at school sponsored activities, and in vehicles used for school-provided transportation.
   g. 7:190, Student Behavior. This policy prohibits, and provides consequences for, hazing, bullying, or other aggressive behaviors, or urging other students to engage in such conduct.
   h. 7:310, Restrictions on Publications; Elementary Schools. This policy prohibits students from and provides consequences for: (1) accessing and/or distributing at school any written, printed, or electronic material, including material from the Internet, that will cause substantial disruption of the proper and orderly operation and discipline of the school or school activities, and (2) creating and/or distributing written, printed, or electronic material, including photographic material and blogs, that causes substantial disruption to school operations or interferes with the rights of other students or staff members.

13. The Superintendent or designee shall fully inform staff members of the District’s goal to prevent students from engaging in bullying and the measures being used to accomplish it. This includes each of the following:
   a. Communicating the District’s expectation and State law requirement that teachers and other certificated or licensed employees maintain discipline.
   b. Establishing the expectation that staff members: (1) intervene immediately to stop a bullying incident that they witness or immediately contact building security and/or law enforcement if the incident involves a weapon or other illegal activity, (2) report bullying, whether they witness it or not, to an administrator, and (3) inform the administration of locations on school grounds where additional supervision or monitoring may be needed to prevent bullying.

7:190 Student Behavior

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student’s misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or

1. Using, possessing, distributing, purchasing, or selling tobacco or nicotine materials, including without limitation, electronic cigarettes.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling, or offering for sale:
   a. Any illegal drug or controlled substance, or cannabis (including marijuana, hashish, and medical cannabis unless the student is authorized to be administered a medical cannabis infused product under Ashley’s Law).

   e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the
student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student’s use of asthma or other legally prescribed inhalant medications.

f. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in tablet or powdered form.

g. Look-alike or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance, or other substance that is prohibited by this policy.

h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

bus, or at any school activity.

15. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.

20. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.

21. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

22. Violating the School District’s “Acceptable Use of Electronic Resources Policy.”

For purposes of this policy, the term possession includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended shall also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled shall also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), look-alikes, alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion. Students enrolled in the District’s State-funded preschool program(s) may be temporarily removed or transitioned to a new program in accordance with federal and State law. State law prohibits the expulsion of students from the program(s).

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons**

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including look-alikes of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy’s prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Re-Engagement of Returning Students

The Superintendent or designee shall maintain a process to facilitate the re-engagement of students who are returning from an out-of-school suspension, expulsion, or an alternative school setting. Re-engagement shall be to support the student’s ability to be successful in school following a period of exclusionary discipline and shall include the opportunity for students who have been suspended to complete or make up work for equivalent academic credit.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or her supervision, (2) observes or has reason to suspect that any person on school grounds is or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, Ill. Dept. of State Police (ISP), and any involved student’s parent/guardian. School grounds includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated [licensed] educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent, Building Principal, Assistant Building Principal, or Dean of Students is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent-teacher advisory committee, shall prepare disciplinary rules implementing the District’s disciplinary policies. These disciplinary rules shall be presented
annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students’ parents/guardians within 15 days of the beginning of the school year or a student’s enrollment.

7:200 Suspension Procedures

In-School Suspension

The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension

The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student's parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
   a. Provide notice to the parent(s)/guardian(s) of their child's right to a review of the suspension;
   b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
   d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
   e. Depending upon the length of the out-of-school suspension, include the following applicable information:
      i. For a suspension of 3 school days or less, an explanation that the student's continuing presence in school would either pose:
         a) A threat to school safety, or
         b) A disruption to other students' learning opportunities.
      ii. For a suspension of 4 or more school days, an explanation:
         a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
         b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
         c) That the student's continuing presence in school would either:
i) Pose a threat to the safety of other students, staff, or members of the school community, or

ii) Substantially disrupt, impede, or interfere with the operation of the school.

iii. For a suspension of 5 or more school days, the information listed in section 4.e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.

6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student's parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After presentation of the evidence or receipt of the hearing officer's report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board's written suspension decision shall specifically detail items (a) and (e) in number 4, above.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.

3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled.    d. Document how the student's continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.

5. Upon expulsion, the District may refer the student to appropriate and available support services.

The Board of Education finds that the use of video cameras in school can assist in the reduction of student misconduct and discipline and the promotion of student health, safety and welfare. This policy is based on the assumption and belief that no student, staff member or visitor on school grounds has a reasonable expectation of privacy in those matters which occur in plain view of other students, staff and visitors in those common, public areas subject to possible video surveillance under this policy. The Board recognizes however that not all activity can reasonably be monitored under this policy and that video equipment can and will fail at times. The Superintendent or Superintendent Designee is hereby authorized and directed to utilize and place video cameras in the school district, as determined by the Superintendent or Superintendent Designee, consistent with the following conditions and requirements:

1. Cameras shall be mounted in visible places, in common public areas such as hallways, parking lots, cafeteria, gym, etc. Cameras shall not be used in any location where students or staff have a reasonable expectation of privacy, e.g. bathrooms or locker rooms.

2. The location and activation of any camera shall be up to the discretion of the Superintendent and/or Superintendent Designee.

3. There shall be no audio recording as part of any video recording activities.

4. The video recorded data or information shall be kept in a secure location and not be accessed or viewed by school personnel nor retained or maintained by the School District as a record. All video recording(s) shall be regularly deleted (approximately 30 days after the recording is created), except as follows:

a. Any video recording may be viewed, as deemed necessary by the school administration. If an incident is reported or a specific request is made to preserve a particular recording for an educational, employment or law enforcement purpose, including possible discipline, the video or a copy shall be maintained as long as may be needed to fulfill the educational, employment, law enforcement or disciplinary purpose, and such information may be used in furtherance of such interests.

b. Video images may become student record or personnel information. Any recorded video information, which is viewed or maintained by the School District, shall be treated as confidential to the extent such information is covered by the Illinois School Student Records Act and the Federal Educational Rights Privacy Act or personnel records laws.

5. Any improper use of video cameras or recorded information shall be immediately reported to the Superintendent or Superintendent's Designee.

6. Students and parents shall be notified through student/parent handbooks and/or appropriate registration materials, that students and other persons present on school grounds are subject to possible video surveillance on school district property. Reasonable notices of such use of video surveillance shall also be placed at the regular entrances to school buildings and as otherwise determined appropriate by the Superintendent or Superintendent Designee.

7. The video cameras and information therefrom are not intended for use in the routine performance evaluation(s) of regular instruction or support of students by certified or non-certified personnel and will not be used for such purposes.

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. **7:260 Exemption from Physical Education**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Special activities in physical education will be provided for students whose physical or emotional condition, as determined by a person licensed under the Medical Practice Act, prevents their participation in the physical education courses.

State law prohibits a school board from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-8, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student’s participation as required by the Superintendent or designee.

A student requiring adapted physical education must receive that service in accordance with his or her Individualized Educational Program/Plan (IEP).

Students in grades 7 and 8 may submit a written request to the Building Principal to be excused from physical education courses because of his or her ongoing participation in an interscholastic or extracurricular athletic program. Interscholastic or extracurricular athletic programs are organized school-sponsored or school-sanctioned activities for students that are not part of the curriculum, not graded, not for credit, generally take place outside of school instructional hours, and under the direction of a coach, athletic director, or band leader. The Building Principal will evaluate requests on a case-by-case basis.

The Superintendent or designee shall maintain records showing that the criteria set forth in this policy were applied to the student’s individual circumstances, as appropriate.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student’s participation ceases; and
2. The student’s class schedule.

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form (SMA Form) is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

The Building Principal shall include this policy in the Student Handbook and shall provide a copy to the parents/guardians of students.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector, e.g., EpiPen®, and/or asthma medication prescribed for use at the student’s discretion, provided the student’s parent/guardian has completed and signed an SMA Form. The Superintendent or designee will ensure an Emergency Action Plan is developed for each self-administering student.

A student may self-administer medication required under a qualifying plan, provided the student’s parent/guardian has completed and signed an SMA Form. A qualifying plan means: (1) an asthma action plan, (2) an Individual Health Care Action Plan, (3) an Ill. Food Allergy Emergency Action Plan and Treatment Authorization Form, (4) a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973, or (5) a plan pursuant to the federal Individuals with Disabilities Education Act.

The District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student’s self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student’s self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

School District Supply of Undesignated Epinephrine Injectors

The Superintendent or designee shall implement 105 ILCS 5/22-30(f) and maintain a supply of undesignated epinephrine injectors in the name of the District and provide or administer them as necessary according to State law. Undesignated epinephrine injector means an epinephrine injector prescribed in the name of the District or one of its schools. A school nurse or trained personnel, as defined in State law, may administer an undesignated epinephrine injector to a person when they, in good faith, believe a person is having an anaphylactic reaction. Each building administrator and/or his or her corresponding school nurse shall maintain the names of trained personnel who have received a statement of certification pursuant to State law.

Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Program Act allows a medical cannabis infused product to be administered to a student by one or more of the following individuals:
1. A parent/guardian of a student who is a minor who registers with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student’s parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:
   a. Both the student and the designated caregiver possess valid registry identification cards issued by IDPH;
   b. Copies of the registry identification cards are provided to the District;
   c. That student’s parent/guardian completed, signed, and submitted a School Medication Authorization Form - Medical Cannabis; and
   d. After administering the product to the student, the designated caregiver immediately removes it from school premises or the school bus.

2. A properly trained school nurse or administrator, who shall be allowed to administer the medical cannabis infused product to the student on the premises of the child’s school, at a school-sponsored activity, or before/after normal school activities, including while the student is in before-school or after-school care on school-operated property or while being transported on a school bus.

3. The student him or herself when the self-administration takes place under the direct supervision of a school nurse or administrator.

Medical cannabis infused product (product) includes oils, ointments, foods, and other products that contain usable cannabis but are not smoked or vaped. Smoking and/or vaping medical cannabis is prohibited.

The product may not be administered in a manner that, in the opinion of the District or school, would create a disruption to the educational environment or cause exposure of the product to other students. A school employee shall not be required to administer the product.

Discipline of a student for being administered a product by a designated caregiver, or by a school nurse or administrator, or who self-administers a product under the direct supervision of a school nurse or administrator pursuant to this policy is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Void Policy

The School District Supply of Undesignated Epinephrine Injectors section of the policy is void whenever the Superintendent or designee is, for whatever reason, unable to: (1) obtain for the District a prescription for undesignated epinephrine injectors from a physician or advanced practice nurse licensed to practice medicine in all its branches, or (2) fill the District’s prescription for undesignated school epinephrine injectors.

The Administration of Medical Cannabis section of the policy is void and the District reserves the right not to implement it if the District or school is in danger of losing federal funding.

Administration of Undesignated Medication

Upon any administration of an undesignated medication permitted by State law, the Superintendent or designee(s) must ensure all notifications required by State law and administrative procedures occur.

Undesignated Medication Disclaimers
Upon implementation of this policy, the protections from liability and hold harmless provisions applicable under State law apply.

No one, including without limitation, parents/guardians of students, should rely on the District for the availability of undesignated medication. This policy does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

School attendance may increase a student's risk of exposure to allergens that could trigger a food-allergic reaction. A food allergy is an adverse reaction to a food protein mediated by the immune system which immediately reacts causing the release of histamine and other inflammatory chemicals and mediators. While it is not possible for the District to completely eliminate the risks of exposure to allergens when a student is at school, a Food Allergy Management Program using a cooperative effort among students' families, staff members, and students helps the District reduce these risks and provide accommodations and proper treatment for allergic reactions.

The Superintendent or designee shall develop and implement a Food Allergy Management Program that:

1. Fully implements the following goals established in the School Code: (a) identifying students with food allergies, (b) preventing exposure to known allergens, (c) responding to allergic reactions with prompt recognition of symptoms and treatment, and (d) educating and training all staff about management of students with food allergies, including administration of medication with an injector, and providing an in-service training program for staff who work with students that is conducted by a person with expertise in anaphylactic reactions and management.

3. Complies with State and federal law and is in alignment with Board policies.

8:10 Engagement

The Board of Education endorses the concept that public schools belong to the people by virtue of the fact that the public schools are created by the people and supported by taxation of the people. Public support enhances the Board's goal to provide an educational system which meets the needs of all students and leads to the attainment of educational excellence by the students.

Continuing support for public schools depends upon the community's awareness and understanding of the District's efforts and goals. The Board of Education recognizes its responsibility to provide the community with information regarding the policies and programs of the District. The Board intends to provide channels of communication through its own efforts and those of the administrative staff to carry out its responsibility.

The Board of Education directs the Superintendent to plan and implement a public relations program. The District's public relations program will be driven by the following objectives:

- To develop public understanding of all aspects of school operation; to ascertain public attitudes toward issues in education; and to discover the public's aspirations for the education of their children.
- To secure adequate financial support for a sound educational program.
- To help citizens feel a more direct responsibility for the quality of education provided by their schools.
- To earn the good will, respect and confidence of the public with regard to the school's staff and services.
- To foster understanding of the need for constructive change and solicit public advice on how to achieve educational goals.
- To involve citizens in the work of the schools and the solving of educational problems.
- To promote a genuine spirit of cooperation between the school and the community and to set up channels for sharing the leadership in improving community life.

News Media Relations

As a means of keeping the community informed about the school district in an accurate and timely manner, the Board of Education encourages free and open communications with the news media.

The Board of Education charges the Superintendent with the responsibility for the dissemination of information and the distribution of informational materials to the news media. The Superintendent shall develop procedures by which employees of the District and others should channel information to news media representatives.

Representatives of the news media may be invited to attend regularly scheduled school district events and activities. During emergency situations which occur in school district facilities and on school district grounds, the Superintendent or the Superintendent's designee shall determine when and if news media representatives will be allowed.

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the Board of Education welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parent(s)/guardian(s) of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues.
